Registrar,  
University of Kansas.

Dear Woody:

In my conversation with Raymond Nichols today about the transcript for Charles Moffett he mentioned that the lateness of the Physical Education grades had delayed the preparation of Charles' transcript.

The grades in Physical Education were delivered to your office by messenger on Friday morning, September 10, and today is Thursday, the 16th. I cannot understand the hiatus.

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
