

April 25, 1946

Goodyear Tire & Rubber Company, Inc.  
Topeka, Kansas

Gentlemen:

I am very happy to testify as to the high qualifications of Ralph E. Schaake. I have known him as a freshman and during his entire period as a student at the University of Kansas, until his graduation; then as a coach and as an officer in the United States Navy. I had him in the academic class room, as well as in the physical education training work. At all times I found him a most conscientious, sincere, and energetic young man. He is clean, personable, and forceful. He has a high sense of loyalty to his superiors and to the fellows with whom he works.

I am glad to recommend Ralph Schaake without reservation or evasion.

Sincerely,

Director of Physical Education,  
Varsity Basketball Coach.
