Mr. W. C. Sutherland
Local Employment Service
National Recreation Association
315 Fourth Avenue
New York 10, New York

Dear Mr. Sutherland:

I am very happy to recommend to you Miss V. Ruth Baker. Miss Baker graduated with a B.S. degree at the University of Kansas with a major in Physical Education and took her masters degree at New York University. It is my understanding that she has also done some work on her doctor's degree.

Miss Baker has had fulsome experience in teaching in the smaller schools in Kansas, as well as in Dearborn, Henry Ford's home town. She was also a Wave in the service during World War II.

Miss Baker has intelligence, poise, an unusual personality, and her fundamentals have been gained by knowledge and experience. I would say that you would be fortunate indeed to obtain her services.

I am happy to recommend her without reservation and evasion. She certainly has all the qualifications necessary which you outlined in the third paragraph of your letter.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
