Kansas City, Missouri

Dear Mandy:

I am just now getting around to responding to your appeal.

I am sending you a carbon copy of the letter that I am writing Lee Hamilton, my son-in-law, at 111 Sutter Street, San Francisco, California. Lee, Junior, is a student here at the Oread High School and he is graduating June 2. His dad and his mother are coming in from Palo Alto to see him graduate and so it might be possible for you to have a talk with him when he comes in. Anyhow, we are getting a letter out to him today and asking about the possibilities of your getting on with him.

I trust that things work out for you and you can rest assured that anything I can do for you in your behalf will be cheerfully and gladly done. My kindest regards to you and yours.

Sincerely,

Director of Physical Education,
Varsity Basketball Coach.
