CARPENTER *Paper Company*

OKLAHOMA CITY

This was quite a week in our household as Cobby got his first athletic letter, and a big green "H" from dear old Harding Junior High for the badminton championship. He went into the state tournament pretty cocky and tied into some 6'3" bird from Shawnee in the first round and this Pottawatomie kid blasted him off the court. He fared a little better in doubles, but he found out that a few other people had some nifty court tricks. He was rather philosophical about it in that he said, "Well, they even beat Bobby Allen once in awhile."

We are particularly proud to learn about Bobby's election to Phi Beta Kappa and share with you in the pride of his great college athletic career. Above all, I think he is a fine Christian gentleman and I think that is about all I ~~can~~ say about your boy, or anybody else's boy for that matter. Kindly give him a thump for me and extend my kindest personal regards to Mrs. Allen.

I hope it is my pleasure to clasp your good right hand in June.

Sincerely yours,

"Bob"
