Forrest C. Allen,
Director of Physical Education,
University of Kansas.

Dear Mr. Allen,

Since I recieved your letter I have not taken the opportunity to write and thank you for it. I appreciate very much your invitation to see one of your games, and I hope that I may find enough time to do that. Next winter, if spare time is in sight, I will write you as you suggested.

I am very interested in basket ball, and am sure I would enjoy a college game very much, since I have never seen one.

I thank you again for the invitation and the compliments.

Sincerely yours,
Ralph Simmons
