

March 13, 1945.

Mr. Harold England,
Halstead, Kansas.

Dear Harold:

May I take this means of congratulating you and your fine team for the exceptional showing that you have made this year. Last year was a wonderful record, but you seem to be moving right along to another state title, we hope.

I want you to know that I have not in the slightest lost my enthusiasm for your attending the University of Kansas next year. I expect to be at Emporia on my way back from Denver next week. I hope to see you again, and see your team play. If anything should happen to prevent my seeing you at Emporia, I will arrange to see you at Halstead soon after the tournament is over.

I have a great many speaking dates over the state where I speak to basketball banquet groups. However, I will make it a point to see you and any of the boys from Halstead who are interested in coming to the University.

We can arrange work for you so that it will be possible for you to work your way through the University. I just want to congratulate you and let you know that I am still thinking of the fine visit that I had with you and your wonderful mother last year. Please give her my kindest regards and assure her that since we have had three boys of our own and three girls of our own, we know the problems and the joys of raising a family.

With all good wishes, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
