Mr. Forrest Allen
Lawrence, Kansas

Dear Mr. Allen

I had a talk with Mr. Stanton and I was inclined to agree if I could raise the money to attend K.U. next year instead of attending the Junior College at Dodge for one year as I was planning on doing and then going to a four year college.

I would appreciate very much if you sent me some information on the approximate cost if I took a Physical Director course and also a catalog on this course.

I was very pleased to hear the news about Otto and I agree in every way what you said about him for he is a very fine boy.

Sincerely yours

Donald Burt
