

Ingalls, Kansas  
July 16, 1942.

Dear Mr. Allen,

I would like very much to come to school at K. U. this coming year. If it would be possible for me to get a job so I could earn part of my expenses, I think I could make it.

When we were in Lawrence this spring, you said that you would be glad to help any of us if you could. If you could help me, I would appreciate it very much.

I have always enjoyed seeing your teams play, and after I had met some of your boys I decided K. U. was the place I wanted to go. The boys were so friendly and we had such a swell time, I think all of the boys that were there were impressed as I was.

Yours truly,  
Loutrel Henderson
