

July 24, 1942.

Mr. John C. Powell, Jr.,
525 Clay Street,
Topeka, Kansas.

Dear Mr. Powell:

I regret very much that I missed you the other day when you were on the campus. I had a meeting at the Chancellor's office with the deans from 1:30 until nearly 3 o'clock, and at 3:00 I went over to Dr. Turney's office in Fraser Hall for an oral examination.

I came back to my office about 4:30, then went out to play golf. I didn't go home to dinner because I had to be back on the playground in the evening. In the summer I like the sunshine, and don't care as much about eating as I do about getting out for some relaxation.

If you had let me know ahead of time I would have arranged to meet you. Although some people from out of town did come to the playground that evening, and I was with them for a short time, I was not expecting to see you on Wednesday evening

Let me know when you are coming again and I will be very happy to talk with you.

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
