

FRED A. DEICHMANN  
PUBLIC BENEFACTOR

December 6th., 1941.

625 FOREMAN BLDG.  
LOS ANGELES, CALIF.

Mr. Forrest Allen  
Kansas University  
Lawrence, Kansas.

Dear Phog:-

My son John is really a live wire and just the kind of a chap you would like, a handsome blond boy, very modest.

He is the second ranking tennis player among the high schools.

Although small he is a very fine basket ball player, very fast and very alert and a quick thinker. He was born on the 10th. of November 1925 and has just turned sixteen. He will graduate from Beverly Hills High School next June and will attend College next October. Beverly Hills High is one of the largest and definitely the finest high school in Southern California.

John should put on some weight and height during the next two years and you can take my word for it that if he can put on about six inches in height and gain about 30 lbs. he will be another Tus Ackerman but he thinks quicker than Tus.

If you would write John a letter as only you can write I assure you he would appreciate it. John Deichmann, 260 So. Lasky Drive, Beverly Hills California.

With my best personal regards and every good wish I am,

Sincerely,

*Fred*
