Dr. E. C. Baum
Uniontown, Kansas

Dear Dr. Baum:

Thank you for your letter of the 17th instant regarding Everett Bybee.

I am wondering if Everett or his folks have any money whatsoever to pay his tuition. The State of Kansas exempts no one from paying tuition.

There is a matriculation fee of \$10.00 that every resident of Kansas must pay to the University when they enroll; then there is an incidental fee of \$25.00 for each semester, or \$50.00 a year for two semesters. There also is a health fee, which is \$10.00 for the two semesters, and an activity fee of \$12.50. That makes about \$82.50 that every person in the University must pay for the year.

Board and room, of course, are additional, but it is possible for a boy to get work to pay for his board and room if he is an especially good worker.

I am quite sure that you recognize the fact that because a boy is an athlete he or his parents would not expect someone to pay his tuition. After all, the boy is getting the benefit of his education. It is an investment, and I am sure that no boy would expect to trade his athletic ability for tuition money. The University does not recognize athletic scholarships and gives none to anybody.

I will appreciate it if you will write me more fully regarding Everett Bybee because we would be very glad to cooperate in helping him attain an education.

Thanking you and hoping to hear from you, I am,

Very cordially yours,

Director of Physical Education and Recreation
Varsity Basketball and Baseball Coach
