Dr. Forrest C. Allen  
Div. of Physical Education  
University of Kansas

Dear "Phog":

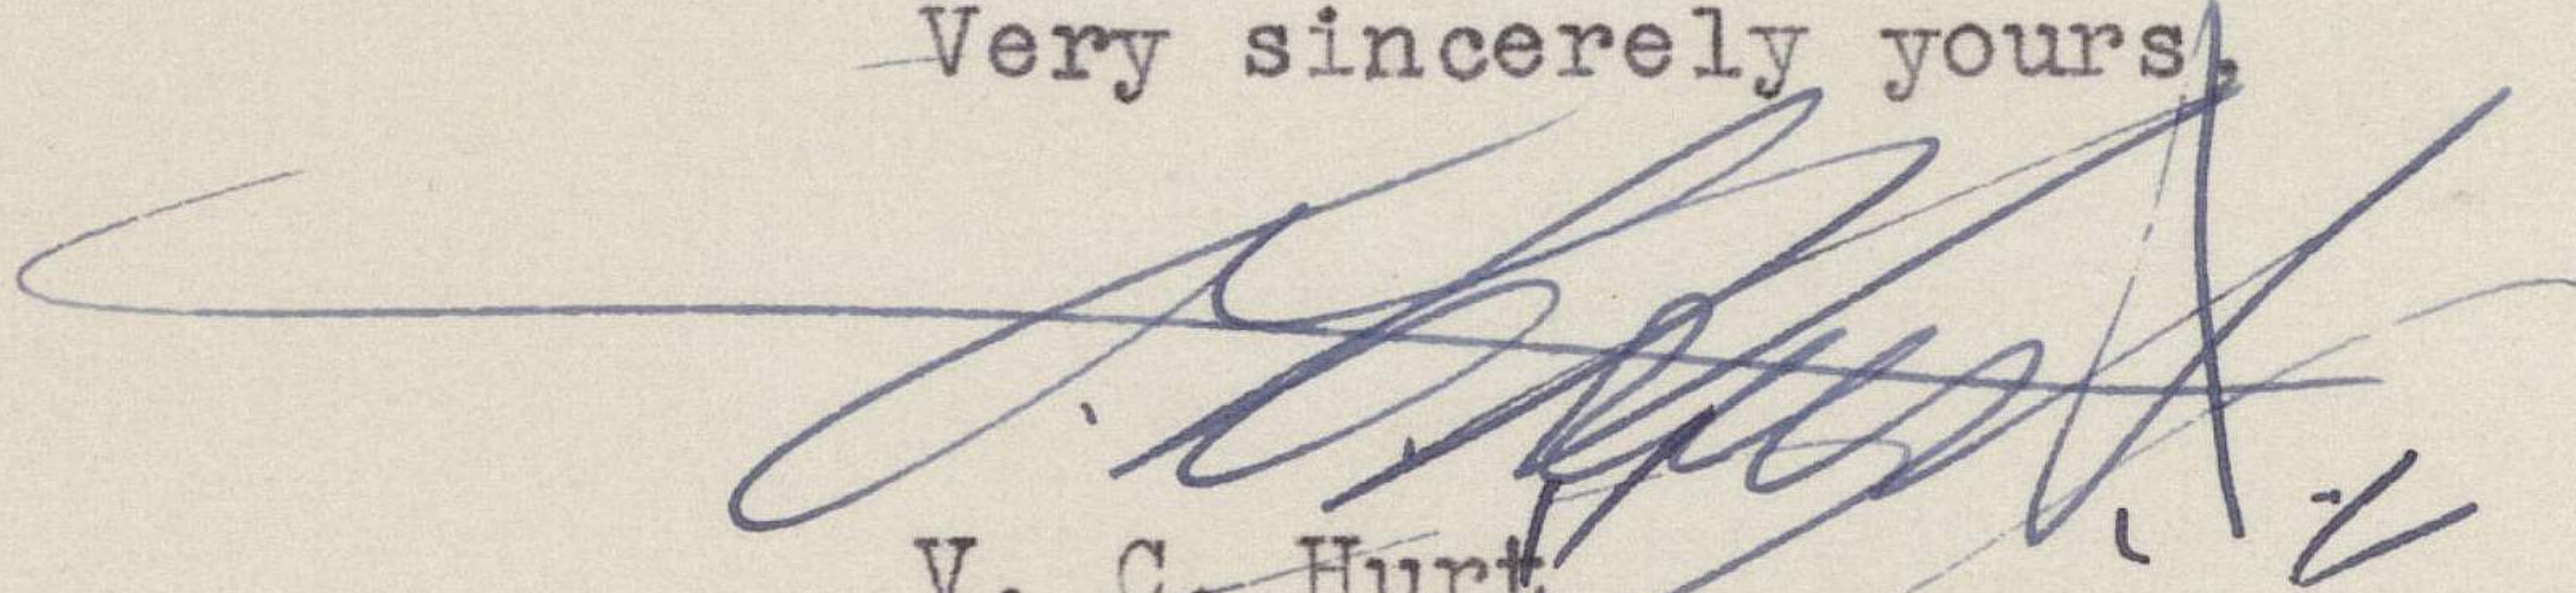

I received your letter with reference to Bill Erickson and Jones from Leavenworth.

We watched these boys play basketball against Lawrence High School a short time ago and, also, previous to that time had talked to them at Leavenworth.

Our impression is that they are not big time. Rather, that they are average boys who might develop. We expect to follow through in their cases and, if possible, interest them in coming to the University of Kansas.

I appreciate your giving me the information and want you to know that at any time you run across further information, we will be glad to have you forward the same to us.

Very sincerely yours,

V. C. Hurt  
Ass't. Football Coach
