

April 2, 1941

Dr. Conrad M. Barnes
Seneca, Kansas

Dear Dr. Barnes:

Mr. Earl Falkenstien has referred your letter concerning Alton Wylie to me for attention.

I appreciate your interest in writing him concerning Alton. I want you to know that I have written Alton inviting him up here as our guest for the Kansas Relays. I have been following the custom of inviting the outstanding high school seniors in basketball in for the morning of the Kansas Relays. They come up and shoot goals with our Varsity and Freshmen Basketball players, and incidentally become acquainted with them.

I have not received a reply from Alton, but I have from a great many seniors, and I hope that Alton will come. I am wondering if you would be kind enough to accidentally meet him and suggest that you know of my writing him and that we would be happy to have him with us for the morning of the Relays.

John Slocum is a great booster for the University and he had the Catholic school over here for the Oklahoma Aggie-Kansas game, but could not make arrangements to have the high school boys here. I remember Alton Wylie very well from last spring's meeting, and I sincerely trust that it will be possible for him to be here on April 19.

I appreciate your genuine interest in Alton and the University of Kansas.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball and Baseball Coach
