Mr. E. W. Geiger
Geiger & Rutherford
Leavenworth, Kansas

Dear Mr. Geiger:

I acknowledge with thanks receipt of your splendid letter of May 5, written to Mr. J. M. Nebergall, your foreman.

It was certainly nice of you to take your time off Sunday afternoon and say "hello."

In regard to Jimmy, when you followed it up with this letter to the head man of the Nebergall family, then I would say you are cooperating 100%.

I am very sure if Jimmy comes to K. U. that you will have much to do with his coming by working on his dad.

Of course, we will not go to sleep on this boy until he definitely makes up his mind what institution he desires to attend. I do feel that he would be making a mistake if he did not attend the University of Kansas for it has so much to offer him in an academic way. His ability to make friends and acquaintances which will help him in a business and professional way is unlimited here at the University of Kansas.

Again thanking you for your extreme kindness and assuring you it was a great pleasure to visit with you and also to have met Mrs. Geiger, I am, with appreciation,

Sincerely yours,

FCA:re:mln
