

June 19th, 1941

Mr. Harold Hendrickson
Montezuma Rural High School
Montezuma, Kansas

Dear Mr. Hendrickson:

I beg to acknowledge receipt of your good letter of April 24th. Your letter was mislaid in a mass of delayed correspondence. The fact that I coached both basketball and baseball and was extensively tied up in athletic practices and Highschool Commencement Addresses as well as the University Commencement, kept me from replying sooner.

What had you planned to study? I would also like to know what sort of grades you made while in Highschool. Doubtless you have already made the decision as to what school you intend to enter. However, if you haven't, I would be glad to hear from you.

Sincerely yours,

Director of Physical Education and
Recreation-Varsity Basketball and
Baseball Coach.
