Dear Sir:

I am interested in attending school at Kansas University but I lack the money to do so. I would like to attend if I could get a job to pay my expenses.

I have played Basketball and Baseball the four years I have been in High School. I have been offered a job by Mr. Clifford Binns, who has been hired to coach Garden City Jr. College. I would prefer to attend a four year college if circumstances permit.

Mr. Elwell, my athletic coach would be glad to correspond with you regarding my ability in Basketball and Baseball.

Yours truly

Harold Hendrickson
