Mr. Harold E. Long  
401 South Main  
El Dorado, Kansas

Dear Harold:

I'm glad to acknowledge receipt of your good letter of the 11th instant. I assure you we were happy to have you and that you did very excellent work. I'm glad that you feel that your stay at the University of Kansas has been worthwhile.

I'm happy that Warren Reigel will enroll this fall. I have written to Harold McSpadden and told him we would be glad to give him a job, but of course if "Frosty" wants to make him an offer that would lure him away, that's O.K. by me. I have never been enthusiastic about a boy that would change his Institution for a little better job.

I have always found that a man that would sell his academic birthright for a mess of pottage is short-sighted and is really selling himself short. Why would Harold need a much more lucrative job than his older brother? They both come from the same family and I see no reason why if a boy is offered a job that helps him through school, that he would have to go to another school to get a little better job.

With all good wishes, I am,

Sincerely yours,

Director of Physical Education and  
RECREATION-Varsity Basketball and  
Baseball Coach.
