

March 19, 1941

Mr. John Arnold  
Zeta Chi Fraternity  
Baker University

Dear John:

This will acknowledge receipt of your letter of recent date. I would be very happy, I assure you, to have you enter the University of Kansas. We have no such thing here as an athletic scholarship. I imagine what you mean is work that will help you defray a part of your expenses.

The tuition at denominational colleges is always much more than it is at State schools. If you or your parents are residents of the State of Kansas all it would cost you would be \$10.00 for matriculation (you pay that but once during your lifetime). The incidental fee for the College of Liberal Arts, Graduate School, Engineering School, Education, and Fine Arts School is \$25.00 per semester. Two semesters would cost you \$50.00. Then there is the medical and hospital fee, which entitles you to full hospitalization, medical examination and medicine for \$5.00 a semester. Then you have the activity fee which costs you about \$12.50 a year. So all the expense your first year is a little better than \$80.00, and the second year it is about \$70.00. It is very much cheaper attending the University of Kansas than it is attending Baker. Doubtless you have found that out.

The eligibility rules of the Big Six are that you shall have one year of residence upon the campus before being permitted to enter athletic competition. That means two previous semesters. Summer school does not count.

You would still have one year of eligibility on the K.U. team, but it would be necessary for you to be in residence one year before participating. I would be very happy to talk with you at any time that you should be on the campus here.

On April 19 we are inviting a number of senior high school boys over the State to come in to see the Kansas Relays in the afternoon as our guests. In the morning we are inviting these boys to come up and shoot some goals with our Varsity and Freshmen Teams. We would be very happy to extend that invitation to you. It is not necessary for you to bring any equipment along as we check out practice stuff that morning, and after a good work-out the boys take a good shower and in the afternoon enjoy the Relays.
