

be working at Lawrence
most of the summer. Our
next location will be some
place close to the airport.

We might stay up there
while we are working, and
I would like very much
to get to talk to you about
coming to school.

I will have some money
saved, and I thought maybe
you would help me get a
job so I could walk my
way through with what money
I have.

I would like very much
to hear from you.

Sincerely,
Jimmy Rick
