

When we played Wichita University, the Bakers were over to see us play, and I had a nice visit with them. I assure you I will appreciate any letter that you may write giving them a true picture of the University and the Methodist Church environment here.

The fact that Heath was at Baker and that you are a Baker graduate will add weight to what you have to say.

I tried to call you over the phone to save the trouble of writing a letter but your phone did not answer; hence, I thought a full explanation would be the best way to advise you of the situation.

Sincerely yours,

Director of Physical Education and Recreation
Varsity Basketball Coach
