Dear Fellow Workers:

Dr. Leonard Axe came into the office today noon and instructed that all communications to and from the Navy should go through his office. Therefore, if we desire any communications sent to the Navy they will be directed to Dr. Axe. This applies to any work done for the Navy in the way of repairs or improvement on grounds, marking the fields, etc. He in turn will instruct us on the work he desires.

This was in response to my letter addressed to Mr. Quigley and a carbon copy which was sent to the officers of the Navy.

Very cordially yours,

Forrest C. Allen
