Mr. Forrest C. Allen  
Lawrence, Kansas.

Dear Mr. Allen:

I had a talk with Ed Hall last night about going to K. U. to school. He said that about all a athlete gets to go on is about \$20. a month work.

I would like to go to K. U. very much, and I would have with only \$20. a month from the school. But some things happen that now I will have to have help. What I am getting at is I have better offers some Okla. A. + M. and Colo U. But I want to attend K. U.

My Brother was killed by lightning and I have had to help Burden some of the expense, so I won't have hardly any money save up before school begins. I was wondering if you could not fix it so I could attend school there. I am sure I could do you some good in Basketball. I remain

Sincerely yours

Alto Schellbacher.

P. S. What I would need help on would be tuition and Board + Room.
