

January 4, 1946

Mr. E. C. Quigley, Director
Athletic Association

Dear Ernie:

I am just putting into print the thing I told you of hurriedly when we were conversing.

Coach C. L. Binns of Hugeton came to Oklahoma City to see us play. He is Otto Schnellbacher's old coach at Sublette. He told us about Don Hardy at Hugeton, who is six feet three inches tall, and Gene Hardy, who is at Texas Tech, who is even bigger and better than Don. Gene is an excellent sprinter, a fine football player, having played this year at Texas Tech, and a star basketball player. I wrote a letter to Mr. C. A. Hardy, the father, at Coach Binns' request. I just wanted to pass this information on to you so that when you go through Hugeton, you can contact C. A. Hardy.

Coach Binns is also very friendly to us and I believe that you can cultivate him and count on him being very much in our favor. He is very, very friendly to K.U. We took him under our wing while at Oklahoma City and entertained him. I am sure he is very happy about the whole situation.

Sincerely,

Director of Physical Education,
Varsity Basketball Coach.
