Mr. Max Gray 209 Hast Folk Street Harlingen, Tems

My dear Mare

and she ran over the assignments that you had completed. She stated she sent you correspondence on the 12th of June and that you had two of those completed before the 10th of July, but since the 10th of July you have completed lessons on the 11th, 12th, 15th, 16th, 18th, 19th, 20th, 22nd and 23rd. She feels that you should continue on the forty lessons and complete those and then take your Foods and Mutrition and finish that.

Miss Kenney stated that she was writing a letter to you and after you get the letter I would appreciate your writing me and letting me know your reaction. If you have completed 17 lessons then you almost have half of them finished; maybe you have more than that completed now, but when I talked to her that was the number she had in the files that was graded.

I will thank you to write me and give me the information up to the present so that I may help you in any way I can. Please do not delay in asking anything I can help you with.

With all good wishes, I em,

Sincerely yours,

Director of Physical Education and Recreation Varsity Basketball Coach Mr. Bob Abrams, 5228 Hensington, St. Louis, Mo.

Dear Bobs

I think it would be better for you to make arrangements for your board after you get here.
Then you will have a chance to look over the situation.

Mrs. Wellhausen doesn't run a boarding table, but she has fed the boys occasionally. If you wish to eat there I am sure you could make arrangements to do so, but I believe it would be better for you to take care of that angle after you arrive.

Looking forward to seeing you in September, and with all good wishes, I am

Very sincerely yours,

Director of Physical Education and Recreation, Varsity Basketball Coach

Your letter of August 11 addressed to Dr. F.C. Allen arrived at his office after he had left for the University of Texas. He expects to be there until the 17th of August for a short basketball coaching clinic. The following week he will be in Topeka for the Kansas High School Goaching School.

As soon as Dr. Allen returns to the office your letter will be brought to his attention. I am sure he will be glad to help you with your problem.

Sincerely yours,

Secretary to Dr. F. C. Allen.

August 11, 1940 Dr. Forrest C. allen, University of Kansas, Laurence, Kansas. Dear Mer. allen; I am taking the liberty of writing you at this time in order to find out if it would be possible to get a fort this winter which would hay about thirty dollars a month. I want to come to Z. U. very much, but my

summer plans did not materialize as I expected and I wasn't able to save as much as I had previously planned on. If you could help me in this way of would certainly appreciate another question which entered my mind noo: If I should work for the physical education department

I be hopped from the work? The reason for this question is that if something of that sort happened of would probably not be able to continue in school, and I nant very much to complete my education without lawing to stay out and work if it is fossible. I am still anxious to try my basket ball

Dear Maxs

I have your very good letter of the 21st instant and an sorry to learn you have been ill with malaria. I am sure that you Texans are acquainted with quinine and doubtless before now you have some of it. It is one drug that is specific for a disease.

I was pleased to know of the progress that you have made in economics. I called Miss Kenney and she gives you a good o.k.

Now, regarding the other 2-hour course, I checked on that also. I find that Basketball is a junior-senior course, but by special permission of the School of Engineering they will permit you to take Basketball, a 2-hour course, because you do not expect to use it in your engineering work but you are using it for eligibility. I have asked Miss Menney to write you and doubtless you will get a letter from her in the same mail that you receive this epistle. Your text will be Better Basketball, so we can save you some money on that. We are loaning you one of our copies and I believe you will find it interesting reading. If you have need for a Basketball Rule Book we will mail you one of those later, although I doubt not that Gordon has a book of his own that he will let you have. As soon as you complete your six lessons you fire them in. Then take the examination and if I were you I would write Miss Menney right away and ask her to send you the Basketball lessons so that you will lose no time between the two courses.

I saw Gordon in Newton and he told me he was quitting his job September 1 and was driving down for you. I hope that your recovery is rapid and that you will be in fine shape not only to do your correspondence work but to enjoy the trip back with your brother. I know no finer relationship that exists than between two men who have grown up together and who were fortunate enough to be brothers.

With all good wishes, I am,

Sincerely yours,

Director of Physical Education and Recreation Varsity Basketball Coach

Horlingen, Frans august 21, 1940 Den Doc. I have not written fow lately because I have because I have been pretty busy studying and also because I have been sick in bed for a week with malaria. I have not been able to study during that time and it has thrown me behind schedule. I still hove six lessons to gety the examination to do in Economics. Do I home to take a course that fits in with my schedule or Can I toke any two how course that is available? will you please find out for me? If a con take a two how Course then I will home 26 hours credit and will be eligible but of # 2 hove to take a 3 hr. Course I am afraid that I will not be oble to Complete the Course of you will find out for me away and let me know right away appreciate at appreciately

Mr. Ray Blacker Blacker Hilling and Grain Company Kansas City, Kansas

Dear Blackies

I have been down to Texas' Coaching School at Austin and have been tied up in Topeka the forepart of this week.

I am leaving for Louisville with my grandson, who is Mary's son, on Sunday or Monday, and I am afraid that I will not get back in time to see Kenneth Winters before September 1. The N.C.A.A. basketball committee is meeting in Chicago on September 6 and 7 and I may be called to Chicago for that meeting. In that case it would be about the 10th of September before I return.

I wish you would explain this to Kermeth and his father. Tell him that I am happy Kenneth plans to attend the University and assure him that it would be a pleasure to visit with him if it were possible, but under the conditions I am afraid this is impossible.

I do hope that Kenneth will come to the office as soon as he visits Mount Oread, and when I get an opportunity I will drop in for a visit with you and in turn we can see Mr. Winters.

Fraternally yours,

Director of Physical Education and Recreation Varsity Basketball Coach

Dr. Forrest C. Allen, Department of Physical Education University of Kansas Lawrence, Kansas.

Dear Phog:

Kenneth Winters will be home Tuesday, August 20th.

His father called me this morning and said his credits had been sent to the University of Kansas and have been accepted and that he is planning on entering Kansas University this fall.

However, two other schools are after him and it might pay you to talk to him before September 1st.

I will try and get in touch with you next week so be prepared to come down and meet Kenneth.

Mr. A. Lester Biberstein Attion, Kansas

Dear Lester:

I have been down to Texas' Coaching School at Austin, and have been connected with the Kansas State High School Coaching faculty this week. I have your letter of August 7 and shall get in touch with the Student Union Fountain people and see if A can help you out.

It happens that this coming Monday or Tuesday I am planning to leave for Louisville, Kentucky to visit my daughter and grandchildren, and then doubtless I will go from Louisville to Chicago to meet with the N.C.A.A. Executive Committee on the 6th and 7th of September. It may be that I will not return to Lewrence until the 10th, so I fear I may not be here when you come up.

However, I trust you will be able to get along in good shape until I return and if you will drop in the office after the 10th I will be happy to help you in every way possible.

Yours sincerely,

Dr. F. C. Allen
Lawrence, Kansas
Dear Br. Allen:

I was in Lawrence last week making arrangements to attend K.U. this September. I called at your office several times but was never fortunate enough to find you.

I will be forced to work outside for most of my expenses, but I would like very much to play basketball. I think perhaps I shall get a job under Bud Owens at the Student Union fountain—a word from you might help a great deal. If not, I'm hoping for an N.Y.A. job.

Here's a few words about me, and I'll come to your office to see you around Sept. 9th. I played four years of H.S. basketball, forward, 11 point average last two years. I attended Jr. College one year in California but circumstances did not allow me to go out for athletics. Family finances and attempts at West Point and Annapolis (both failed because of slight dental defects) have kept me at home the past three years. During this time I have played forward with an independent amateur

team, the Attica All-Stars. We were in a league with such towns as Kingman, Anthony, Wellington, Harper, Argonia, and Bluff City. We won the league the first year, co-champs the second year, and second this year. As a regular forward, I have had a 10 point average with this team. I am 5' 10 1/2" tall, weigh 156 stripped. Both teams I have played with have been whole team players and not individual stars.

If you can see fit to help me get work that will allow me to come out for freshman basketball, I shall greatly appreciate it; and I'll be looking forward to meeting you in September.

Yours,

A. Lester Biberstein

Dear Mr. Allen:

Was glad to receive your letter saying you had gotten a letter from my high school coach, Johnnie Corrigan, and saying you would be glad to help me financially.

I think I will have enough money to take care of all my expenses except my room and board. A friend of mine and I are planning to room together if I can enroll at K.U. My room and board will be \$23 a month.

If you will help me earn the \$23 send me a card to that effect and tell me what date I should be there.

Sincerely,

Dear Wendell:

I have been in Austin, Towas and an now connected with the Kansas State High School Coaching faculty, so I have been commuting back and forth occasionally to Lawrence. I find your letter of the 26th ultime and I am happy to know that you have been working.

It happens that this coming Monday or Tuesday I am planning to leave for Louisville, Montucky to visit my daughter and grand-children, and then doubtless I will go from Louisville to Chicago to meet with the N.C.A.A. Executive Committee on the 6th and 7th of September. It may be about the 9th or 10th of September before I will return so I fear I may not be in Lawrence when you come up. However, I trust that you will be able to get along in good shape until I return and if you will drop in the office I will be happy to help you in every way possible.

I note that you are planning to be here for the ten-day training course for cooks of the Co-op houses for next winter. I see you have energy and initiative and that is all it takes for a boy to make it. You can count on me for cooperation and help.

Until that time when I see you I wish you lots of good luck in your preliminary plans.

Dr. Forrest C. Allen, University of Kansas, Lawrence, Kansas.

Dear Mr. Allen:

This summer I have been working rather hard. My parents left Emporia the latter part of June and I am trying to make the necessary arrangements so I may attend N.U. this fall.

I am planning to attend N.U. this fall and will be up there the third of September to take the ten day training course for cooks of the Co-op houses for next winter. I have applied for N.Y.A. work for next winter and if it is at all possible I will have to make at least twenty dollars a month to meet my expenses there. If you could offer me any advice on this matter I would appreciate it.

I am agraid that I will be unable to come to Lawrence before September as I will start to work as soon as school is out and will be working all the time from then on.

I am getting rather anxious to start playing playing a little basket ball again. In making the all state class B team I am afraid I was a little over rated, but I do feel that with continued work I could develop into K.U. basket ball material, and would like very much to do that.

I certainly do appreciate the interest you have taken in my problem and will appreciate anything you might be able to do in regard to it,

Sincerely
