Dr. Forrest C. Allen,  
University of Kansas,  
Lawrence, Kansas.

Dear Mr. Allen:

This summer I have been working rather hard. My parents left Emporia the latter part of June and I am trying to make the necessary arrangements so I may attend K.U. this fall. c

I am planning to attend K.U. this fall and will be up there the third of September to take the ten day training course for cooks of the Co-op houses for next winter. I have applied for N.Y.A. work for next winter and if it is at all possible I will have to make at least twenty dollars a month to meet my expenses there. If you could offer me any advice on this matter I would appreciate it.

I am afraid that I will be unable to come to Lawrence before September as I will start to work as soon as school is out and will be working all the time from then on.

I am getting rather anxious to start playing playing a little basket ball again. In making the all state class B team I am afraid I was a little over rated, but I do feel that with continued work I could develop into K.U. basket ball material, and would like very much to do that.

I certainly do appreciate the interest you have taken in my problem and will appreciate anything you might be able to do in regard to it,

Sincerely.

Wendell H. Link
