Mr. Bob Abrams
5228 Kensington
St. Louis, Missouri

Dear Bob:

Again my summer recreation and teaching work has me hobbled, but I am getting a line to you today to tell you that the dormitory space was filled before last April. We do not have enough dormitories but we will be able to find a nice location for you if you are desirous of our help. By next year I am sure that your studies will be high enough that you will get a shot at some of the dormitory space. They were awarding these rooms on academic grade standing and before the building had been hardly started the quota had been filled. I will be glad to help you next year in your effort to obtain one of these dormitory rooms.

I am very happy to know that you are so pleased with your possible set-up at the University of Kansas. I know that you will be happy here and it will be our desire to help you in every way so that you may obtain the highest possible achievements during your four years of college life. We are very proud of our Kansas boys and I am sure you will find a fine group of them on the campus.

Bob, I want you to ask me anything that you feel like asking me to help you with. Do not worry about having a tough time. You will make it and we will be right in there cooperating with you. If there are any problems that you run into that rather stump you, come into the office anytime and it will be a pleasure to go over them with you.

I too am hoping that you will meet Bob, my son. I am very proud of him but he is just like any other normal, aggressive, intelligent boy who desires an education more than anything else that he can obtain on Mount Oread.

Write me often and I will be glad to help you in every possible way.

With all good wishes, I am,

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
