

May 15, 1940.

Mr. Bob Abrams,
5228 Kensington,
St. Louis, Mo.

Dear Bob:

I am very happy to have your good letter of the 13th instant. I am not sure, Bob, whether I will have an opportunity to be in St. Louis in the near future or not. If I should be, I will certainly let you know and I will make it a point to see you. But being uncertain as to our meeting, I agree with you that we should correspond.

I am sure that I can get you a job here which will cover your meals. And I would be very glad to have you here because everything I have heard about you has been splendid. They tell me that you are an excellent student, that you are a good athlete, and that you expect to work for the money you get. If all of these are statements of fact, then I am sure that you will have no difficulty in getting along at Kansas in all ways.

The \$75.00 tuition is paid each semester you are in school. The first payment is two weeks after the first day of enrollment, and the second \$75.00 is due about two weeks after the second semester begins. The matriculation fee is paid but once for as long as you desire to attend the University, either as an undergraduate or a graduate.

Yes, Bob, you can get a nice room for \$10.00 a month, and if you room with someone it may cost you about \$7.50 or \$8.00 a month.

We are again asking that the University catalogs and bulletins be sent to you, and I am also sending you a pamphlet which shows you our set-up here in the Department of Physical Education.

You have been so fine in your whole attitude that I am very happy to assure you that you can work with me. It will be a pleasure to have you.

With all good wishes, I am

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
