Dear Leo:

It was good to have a visit with you last night. I enjoyed it very much, and trust that I may see you again some time soon.

I am asking that a copy of the University catalog be sent to you, and I am enclosing one of our printed outlines of study in the Physical Education department. I hope that you will find some profitable reading in these bulletins.

With best wishes, I am

Very sincerely yours,

Director of Physical Education and Recreation,
