Mr. Leo Headrich,
207 S. Coy St.,
Kansas City, Kansas.

Dear Leo:

It was a very difficult break you boys got by the "sudden death" method of terminating a game. Doubtless had the game gone on to regular overtime period, you would have whipped them. Anyhow, congratulations on your fine season and your splendid playing.

I saw you and your teammates playing at Lawrence High School, and by your deft and clever passing and by the all-around team work of your entire group I picked you to beat Winfield. A difference of two points is very little difference, but it makes a big difference in the final results, doesn't it?

We were fortunate enough to finish out ahead of Oklahoma A. and M. by but two points, yet I hardly think there is two points difference between the two teams.

I heard about the way you used your head when you took the ball out of bounds. Nice going, Leo - keep it up. An athlete who has brains and muscles and uses them is more valuable than one who uses only his muscles.

With congratulations and best wishes, I am

Sincerely yours,

FCA:AH

P.S. Should you be interested in the University of Kansas I assure you that we will be able to get you a job that will help you obtain your education here.
