

To the Varsity Basketball Team:

I am sending you a list of the high school boys whom we have invited to shoot a few baskets here in Robinson Gymnasium on Saturday morning, April 20. If you know any of these boys I wish you would get in touch with them, and add your invitation to the one I have sent. A duplication of invitations won't hurt a bit.

We are just now sending these letters out and of course we haven't had time to receive acceptances. Some of the boys are going to be entertained at the fraternity houses during their stay here, but I believe a personal invitation to the boys you know will make them feel we really want them to come.

Of course I am counting on all the varsity men being present Saturday morning for at least an hour, probably around 10 o'clock. I want you to meet and mix with the boys.

Sincerely yours,

Varsity Basketball Coach.
