

March 14, 1940.

Mr. Lester Buell,
Nickerson, Kansas.

Dear Mr. Buell:

I have been talking to Earl Bozeman about Bill Engelland. We would like to have him attend the University of Kansas, and I wonder if you would talk to him and see if you can persuade him to come down here and join Earl.

Earl is a fine boy, and we are immensely pleased to have him here. We appreciate your cooperation in getting Earl to come here. If it hadn't been for your salesmanship he would have gone to Wichita University, because Coach Hennig told me that he would have had him if it hadn't been for the strong alumnus of K. U. who is a druggist at Nickerson. So you see your fame is spreading far as a loyal K. U. alumnus.

I hope we can have Engelland with us next year.

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
