

February 16, 1939.

Mr. L. L. Gaylor, Grade Principal,
Salina Public Schools,
Salina, Oklahoma.

Dear Mr. Gaylor:

Your very kind letter of February 8th has been received and I want to thank you for your interest in writing me concerning Douglas Condit. Am I correct in his last name?

If Douglas Condit wants to go to the University of Kansas I assure you we would welcome him here. I am wondering if you would be kind enough to send me a transcript of his grades. Some of the boys are only very average students and we find that they have some difficulty in their studies when they enter the University.

I knew Harold Baker, of course, very well. When he was at Wagner he developed some very fine players, and doubtless you were one of them.

Douglas certainly has made an outstanding record. The fact that he is a fine defensive man and averaged twelve and five-eighths points per game speaks mighty well for him. Will you be kind enough to send me a transcript of his grades? If Douglas is interested I assure you I will be glad to hear from him.

Again thanking you for your interest, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
