Mr. Charles Black,
6125 Wornall Road,
Kansas City, Mo.

My dear Charles:

It has been quite some time since I have seen you, but I do want to tell you that I am interested very much in your attending the University of Kansas. The fact that I teach two classes here at the University in the Summer Session, and being in charge of the recreational program, has kept me intensely busy.

I am wondering if you have located a job and if you are now earning some money for your next fall's educational adventure.

I am planning to get to Kansas City some time in the very near future and I want to have a longer talk with your Dad, and I want to visit with your Mother. I feel sure that you would be much happier, and I know that your family would, in having you close enough to home and yet far enough away that you would do your best work in college. This, of course, would happen if you attended a school within hearing distance of home.

Saturday, the 15th of July, I am to speak at the Central Missouri State Teachers College at the 25th annual reunion of the 1914 class. I was director of athletics and physical education at the Teachers College from 1912 to 1919, and they have asked me back to speak. I thought I might stop to see your family either on the way over or on the way back if you would be in town. Won't you write me and tell me what your working schedule is so that I could try to arrange a trip to Kansas City convenient to us all?

It was good to see you and have a visit with you. I also enjoyed very much meeting your fine Dad.

With all good wishes, I am

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball Coach.
