Coach Willard "Buzz" West,  
Thermopolis, Wyoming.

Dear Coach West:

William Timothy was in the office the other day and spoke to me about a boy he hoped would come to the University of Kansas - a boy whom William thought was interested in the University of Kansas. Timothy stated to me that you have been kind enough to say to James Weir that you thought the University of Kansas was a pretty good place, and I want you to know that I very much appreciate your nice words.

I believe I am correct, or I not, that you are an old Argentine High School man, and that you finished at the University of Wyoming? I remember when you used to come down here to the Relays.

If there is anything that you can conscientiously say to James Weir regarding the possibilities of this school I will greatly appreciate it. We have never gone out to "high pressure" boys in a basketball way, but we have had pretty good teams here and of course we would be interested in outstanding athletes and students coming to the University of Kansas. Anything that you can do or say in our behalf, both as to basketball and the University, I will appreciate very much.

With all good wishes, I am

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
