Mr. Richard Harp,  
1501 West Campus,  
Lawrence, Kansas.

Dear Dick;

I am sending you a copy of a letter that John Buescher wrote me from Beardstown, Illinois. I would like to talk to you about this boy. He wants to come to the University very badly and I am wondering if your group would be interested in him.

Your house was the only one he visited while he was in Lawrence and he was so set up about your group over there that I know he thinks you are tops. The Bueschers are first class people. I learn from John Glenn and Mrs. Glenn, and my prediction is that Buescher will make a wonderful basketball player. He writes well and I believe will make a fine contribution to the University.

I would like to know what you think about the situation before I write him definitely. I would be glad to give him a job that would enable him to pay a part of his expenses through school. I think he is the right sort. Won't you let me hear from you at your earliest?

Very sincerely yours,
