

April 28, 1939.

Mr. John F. Buescher,
301 West 7th Street,
Beardstown, Illinois.

My dear John:

I have returned from two trips to California, and today I am leaving for New York to attend the National Rules meeting, of which I am chairman from this Fifth Collegiate District. I am also on the N.C.A.A. and the Olympic Committee, and we are planning to play the regional championship in Kansas City next year on March 22 and 23.

At that time we plan to have the National Basketball Coaches convention in Kansas City, as well as the Rules Body meeting. So I will have a busy time in New York getting things arranged. I only mention these details to you so that you can see that Kansas City will be the basketball capital of the U.S. next year here at the play-off.

Now, answering your good letter, I want to assure you that I appreciate your interest, and also the interest of our mutual friend, John Glenn. I am sure that he has told you a lot of things that perhaps are exaggerated regarding the prowess of the Kansas team. John was our good luck charm last year when he sat on the bench and talked to the boys between halves at the time we whipped the Oklahoma Aggies. Give him my kindest regards, will you, please?

I expect to get back from New York about May 6th. We will have basketball practice the next week and a half after that, and if you could come down to Lawrence any time during the week of May 8 or the early part of the week of May 15, we would be mighty happy to have you work out with our boys. Won't you let me hear from you so that your letter will be on my desk when I return from New York?

With all good wishes, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
