Mr. F. C. Allen
Physical Education Department
University of Kansas
Lawrence, Kansas

Dear Sir:

I am making this letter a letter of introduction as well as one of personal inquiry. You see I am interested in attending K. U. this coming year if it is possible for me to do so. Unfortunately I am not able to do so unless I am able to obtain some part time work with which I will be able to defray part of the school expenses. I have taken preparatory work in business and wish to continue in the field. Knowing how well K. U. rates in this department I wish to continue my work there if possible. I thought that it might be possible that you would have some work open in your department which would fill my needs. If you have, I would be glad to hear from you about it at you convenience.

For the past two years I have attended Hutchinson Junior College and had previously graduated from the High School here also. Basketball has been my major sport for the past five years. I played 3 years of high school basketball, 2 in Ark Valley competition, captaining the team my senior year. Then these last two years I have played a regular forward on the Hutchinson Junior College team and as you probably know, we won the Junior College State title this year, going through our regular league playing season undefeated and then defeating Fort Scott in the state playoff.

In my first year in J. C. we placed second in the Western division, one game behind El Dorado, the winners; although we had beaten them both times we had met them that season.
