

December 15, 1938

Dr. F. C. Allen,  
Department of Physical Education,  
Kansas University,  
Lawrence, Kansas.

Dear Doctor Allen:

Shortly after the receipt of your recent letter in which you enclosed a carbon copy of a letter sent to Mr. Louis Touton, I had a talk with him about Camp Soso. After consideration of the matter he offered me a summer at his camp with transportation and expenses paid, but no salary. He did, however, offer me a substantial commission on each boy I could induce to attend the camp.

After some consideration and virtual assurance of a loan in the event I am unable to get some boys to go, I accepted his offer.

I had a long talk with my father recently and told him of the low tuition rates offered to residents of Kansas. He assured me that he would give the matter serious consideration.

John Hallberg and I are playing on an average of three games a week. Thus far, however, we have the low winning percentage of about .40, but we have lost three games by only one point. John has been scoring an average of three baskets a game and looks much improved over last season.

May I again thank you for using your influence to aid me in getting my job with Mr. Touton, and for your interest in John and me.

Sincerely,

*Curwin H. Greene*
