

Our games were played in Hoch Auditorium (University of Kansas Basketball Palestra), which will pack in nearly 5,000 people, but not seat them. This year the Oklahoma game had the largest attendance, nearly 5,000. In 1929 at the Missouri game we had about the same attendance.

Corlis and Engleman were our outstanding players.

I am trying to locate a 1938-39 Basketball Guide for you, and will send it along in a few days.

Sincerely yours,

Director of Physical Education,  
Varsity Basketball Coach.
