

January 13, 1942.

Mr. Earl L. Falkenstien,
Financial Secretary,
K. U. Athletic Association.

Dear Earl:

This will acknowledge receipt of your letter of the 12th instant concerning our trip to Columbia, Mo.

Will you kindly have the Ford serviced? We may drive back Wednesday night after the game.

Of course we are glad to make the trip in cars this time, but you need not worry about any other trips with the team in cars - I am buying a bicycle! Karl's good Dutch business sense came into play again, when we can save \$20 to \$30 on the trip by driving.

But I am doing it for the boys this time on account of final examinations. I won't give Karl another chance to save \$20 or \$30 on a trip - I'm doing it this time just for the boys.

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.

UNIVERSITY OF KANSAS
LAWRENCE

DEPARTMENT OF
INTERCOLLEGIATE ATHLETICS

January 12
1 9 4 2

Dr. Forrest C. Allen
Dir. of Physical Education
and Recreation -
University of Kansas

Dear Dr. Allen:

In view of the fact that it is at this time impossible to get pullman service from Kansas City to Columbia, Missouri and return for the basketball team, which would necessitate the basketball squad being up all night Tuesday night and all night Wednesday night after playing the game at Columbia Wednesday night, I have discussed with Mr. Klooz the possibility of allowing you $.01\frac{1}{2}$ per man per mile for the use of your car and one other, whomever you designate, and the University Ford.

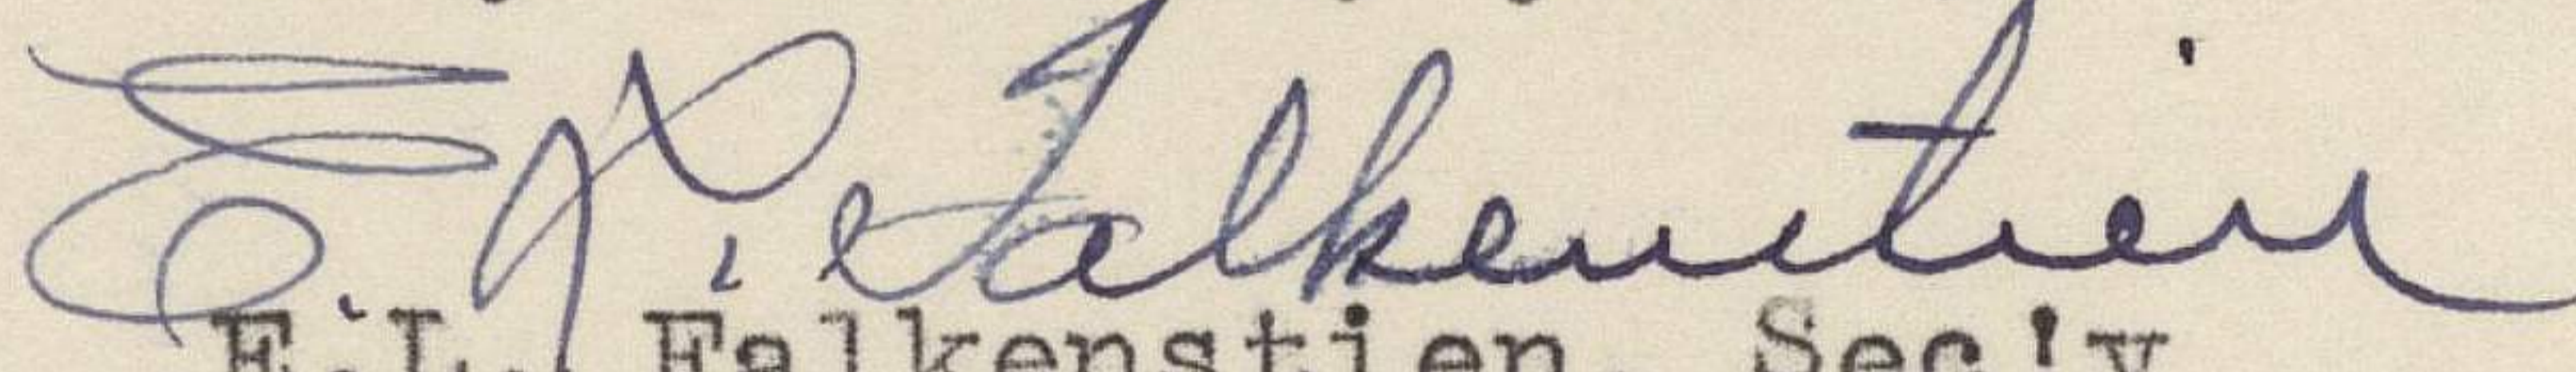

The round trip railroad fare from Lawrence to Columbia is \$7.98, making a total cost of \$95.76 for chair car fare. By using the University Ford and two other cars the cost can be held to \$68.25, which is allowing for the ten basketball men, coach and trainer, and driver of one other car. This, of course, is including the University Ford.

The exception is being made for this one trip only and is not to be taken as a new precedent as far as the payment of mileage for the use of private cars is concerned.

Trusting this will be satisfactory,

I am

Very sincerely yours,

E.L. Falkenstien, Sec'y
U. of Kans. Phys. Edu. Corp.

Mr. Gwinn Henry,
Director of Athletics.

Professor W. W. Davis, Chairman,
Athletic Board.

Dear Friends:

Word has come to me in a round-about way that the Athletic Board is considering asking Mr. Henry Shenk to assist in football.

There is a strong possibility that Dr. E. R. Elbel will go with the government to do research work in the near future. In that case we will definitely need Mr. Shenk in the back office to administer our Physical Education program. Especially will we need him more than ever before to carry on our enlarged program of physical fitness for the entire University. The burden of this falls on our Department of Physical Education, and we are already short of help, having lost Mr. DeGroot and Jim Raport. Therefore, I trust that you will be able to not consider Mr. Shenk especially under these trying conditions.

I assure you that if at any time any of our staff can cooperate with the athletic department without injuring our work vitally we will be most happy to cooperate.

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.

Varsity Basketball Coach

December 3, 1942.

Mr. Gwinn Henry,
Director of Athletics,
University of Kansas.

Dear Director Henry:

Due to compulsory physical education for 1800 men students of the University, our basketball practice period has been badly dislocated. It is not now possible for our boys to practice Monday, Wednesday and Friday afternoons due to the physical conditioning program. After they eat their meal at home we cannot afford to indulge in strenuous basketball practice until one hour at least has elapsed after their meal. The intramural program for men is upon us with a heavy demand for the gymnasium space every evening hour. Therefore, I am submitting to you a program of our broken practice periods, and I am making a recommendation that an allowance be made for a small expenditure to pay for meals that they cannot eat at home on account of these conflicts.

On Monday, Wednesday and Friday the physical conditioning courses run from 8:30 in the morning until 5:20 in the afternoon. The earliest that we can get on the floor on these days is 5:20 or 5:30. On Tuesday, Thursday and Saturday afternoons we can have our former regular practice period, 5:30.

The boys at their organization houses eat in the evening at 6:15, and some at 6:30. The earliest that we can practice without injury to them after a meal would be at 7:30. A two-hour practice would bring it to 9:30, and by the time the boys shower and get home it is after 10 o'clock. This is too late to get much studying done and I fear their grades will suffer.

Therefore, I would like to ask that a simple meal be served them after their Monday, Wednesday and Friday practice. We could start after 5, get through at 7, eat at 7:30, then the boys could go to their studies and get a good evening's work done. I have talked to Miss Zipple and she is unable to serve us because her cook leaves at 7 o'clock or before. I have shopped around, and the Jayhawk Cafe at 14th and Ohio Street has made us an offer of 60¢ a meal for a small steak dinner. I have estimated the maximum number of men. We have at present 22, but I figure before long it may be down to 20, and maybe to 16. Figuring a maximum of 20, this would be \$36.00 a week, or \$144.00 per month, and three months at the outside would be \$432.00.

Figuring the times when we would be playing games away and also the Eastern trip when we would be away, we would cut this down to \$350.00 for the three months. This may seem quite a sum, but always during the Christmas vacation when the boys return for practice the meals have always been paid for by the Athletic Association. So after all, this would be only an added expenditure of something better than \$200.00 over last year's budget. It is my recommendation that this be done for the boys. Since the football boys had a training table, and a maximum of \$1,000 annually was allocated for this purpose, it seems to me that our basketball earnings each year of over \$5,000 would justify that. I believe we will make this amount again this year.

If the above outlined program were carried out and the Athletic Association would not pay for the meals, then the boys would be penalized and forced to buy their meals away from the house. This they cannot afford to do.

I am asking that you kindly submit this to the Athletic Board at their Monday night meeting. I am sending copies of this to Chancellor Halott, Professor Davis and Mr. Kloss so that the Finance Committee may consider it previous to this meeting. I will appreciate your presenting the same.

Very cordially yours,

FCA:AH

Varsity Basketball Coach.

Dear Director Henry:

Due to compulsory physical education for 1800 men students of the University, our basketball practice period has been badly dislocated. It is not now possible for our boys to practice ~~in the~~ ^{MWF} afternoon^s due to the physical conditioning program. After they eat their meal at home we cannot afford to indulge in strenuous basketball practice until one hour at least has elapsed after their meal. Varsity Basketball Coach.

July 24, 1942.

Mr. Gwinn Henry,
Director of Athletics,
University of Kansas.

Dear Gwinn:

Concerning our conversation regarding service basketball games with Jack Gardner, formerly of Kansas State, who is now coaching the Gardner, Kansas, Aviation School, beg to state that we are planning to play his Aviation School in Kansas City at the Municipal Auditorium on December 5th. Gardner has made arrangements with the Municipal Auditorium managers for the date and we are to give the hall 20%, and the University and the Aviation School are to split the proceeds.

On January 4th we are planning to open our season here with his team, prior to the Missouri game which is to be played on January 6th. And then on February 4th we are to play the Aviation School at Gardner, Kansas. The expense should be very small driving from Lawrence, Kansas, to Gardner. We will pay our expenses and they will pay theirs, and we will take the proceeds here and they will there, if there are any.

Jack Gardner tells me that they will have a \$185,000 swimming pool over there, and a \$500,000 building. So that should at least compensate him in a small way for the long time he waited to get a field house at Manhattan.

I thought I should write you as Director of Athletics so that you could submit this to the Athletic Board at your pleasure.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

FCA:AH

May 20, 1942.

Mr. Gwinn Henry,
Director of Athletics,
University of Kansas.

Dear Mr. Henry:

I am very happy to recommend the following men for their varsity letter in baseball for the spring of 1942. These baseball players have shown a fine attitude in their training habits and cooperative spirit in playing their abbreviated spring baseball schedule. They have provided recreation for themselves and entertainment for their student followers, and at a minimal expense.

Personally, I believe this effort on the part of the Athletic Association in expending this money to provide an opportunity for these boys to enjoy their skills has been worth while. I have been happy to contribute my small part in a supervisory way for the enjoyment of all concerned.

At a meeting in Columbia, Missouri, last night the boys un-animously elected Forrest "Knute" Kresie as the Honor Captain for this year. Kresie has been a wonderful example by his fine, genial spirit and his fine training habits. He is one of our outstanding students and leaders on the Hill.

Warren Hodges' fine example on visiting athletic fields in a competitive way has won many friends for Kansas.

Forrest Kresie, Augusta
T. P. Hunter, Centralia, Ill.
John Krum, Lawrence
Denzel Gibbens, Leocompton
Warren Hodges, Lawrence
Eugene Alford, Lawrence
Dean Martin, Princeton
Delmar Green, Atwood
Irvin Hayden, Atwood
Danny Brune, Lawrence
Forrest Hill, Caspar, Wyo.
Marshall Hulett, Platte City, Mo.
Bob Innis, Pittsburg
Larry Johnson, Fort Scott
Otto Teichgraeber, Gypsum

Respectfully submitted,

FCA:AH

Varsity Baseball Coach.

May 12, 1942.

Mr. Gwinn Henry,
Director of Athletics,
University of Kansas.

Dear Gwinn:

I am giving you herewith the dates of our basketball schedule for next year, and ask that you kindly submit the schedule to the Athletic Board for approval.

Conference Games

January 6	Missouri at Lawrence
January 9	Oklahoma at Norman
January 20	Kansas State at Manhattan
February 6	Iowa State at Lawrence
February 13	Nebraska at Lincoln
February 15	Iowa State at Ames
February 23	Nebraska at Lawrence
February 26	Oklahoma at Lawrence
March 2	Missouri at Columbia
March 6	Kansas State at Lawrence

Non-Conference Games

December 11	Rockhurst College at Kansas City (tentative)
December 15 or 16	Creighton at Lawrence (tentative)
December 21	Univ. of Iowa at Lawrence
December 26	St. Bonaventure at Buffalo, N.Y.
December 28	Fordham Univ. at New York City
January 13	Oklahoma A. & M. at Lawrence
January 30	Great Lakes Naval team at Kansas City (Service game)
February 2	Creighton U. at Omaha (tentative)
February 17	Oklahoma A. & M. at Stillwater

I trust that the above schedule may have your approval and that of the Athletic Board.

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.

Professor W. W. Davis,
Chairman, Athletic Board.

Dear Friends:

Doubtless you will say that I am overstepping just a trifle in offering this suggestion. But I feel so strongly that we are in danger of losing a very valuable member of our athletic staff that I am writing you this letter.

Already different people have contacted me regarding the availability and the possibility of hiring Dean Nesmith as trainer in other schools. In running over the names of the men that I have trained I recall James Cox at Harvard, Roland Logan at West Point, Milton Kelley at the University of Texas, Elwyn Dees at the University of Nebraska, and Dean Nesmith at the University of Kansas. For the last few years I have not trained anyone, nor am I now training any trainers to do this type of work.

Dees draws \$2600 at Nebraska, Cox and Logan draw more, and I am sure that Kelley's salary is well up as a trainer. I notice that Ollie DeVictor at Missouri was raised from \$2500 to \$2600 at Columbia the other night.

You and I both realize that Dean Nesmith is underpaid considering the work that he does. I count him as one of the most valuable members of our staff here at the University. He is clean, he is loyal, he is a great friend of the boys, and he is as good a trainer as I have developed. Therefore, in the name of fairness to the lower bracket group, I feel that he should have careful consideration for a possible raise. He is raising a small family and is doing an heroic job on a little money.

You will pardon me for calling this to your attention but I feel so vitally that if we try to replace him you will go over \$2000 to do so. I have not spoken to Dean Nesmith concerning this. I am doing it on my own volition.

Very sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.

Enc.

December 29, 1941.

Professor W. W. Davis,
706 West 12th St.,
Lawrence, Kansas.

Dear Friend W. W.:

In yesterday morning's Kansas City Star Dan Partner had purported and reliable information concerning Gerald Tucker's eligibility status in his special story in the Star. He quoted the Big Six Conference rules to the effect that after four weeks of residence in an institution like Kansas State a player could not transfer to another institution like Oklahoma and be eligible in two semesters as Gerald has done.

Partner states that Tucker was in residence at Kansas State seven weeks before transferring to Oklahoma. Dan further quotes the rule of the Big Six which from any logical process of reasoning this fellow could not be eligible at Oklahoma for the first semester. They have already played him in five or six non-conference games and doubtless are anticipating playing him in the conference games. Their first conference game is against us here in Lawrence on January 6. From all the statements published out of Oklahoma they expect to use him.

Dan also states that this question has been brought before the faculty representatives and the athletic directors, and to date nothing has been done. I am wondering if you could give me any information on whether this question has been brought before the faculty representatives for consideration.

I am writing Mr. Gwinn Henry, the Director of Athletics, asking that some recognition of this case be brought to the authorities if it is in order. I will appreciate hearing from you.

Sincerely yours,

Director of Physical Education and Recreation,
Varsity Basketball and Baseball Coach.
