Dear Phog:

Before I was informed that the Missouri Valley basketball review was to be sent directly to you I mailed it out to several editors and officials, including Oswald Tower. Recently I received an acknowledgment from him, indicating that he planned to print it.

So, before there is any ~~re~~vising done as you suggest, I am writing him and suggesting that he get in touch with you on the subject. As to the length of the article, I believe that it easily could be edited down to the size you need. This was done last year as the review sent out then was approximately of the same length as this year's.

The object of the Valley review is to include all possible material which might be wanted for printing or for reference. Any not wanted can be eliminated by editing. However, if you still wish to have a rewritten article from me, I will be glad to do the job. I suggest, though, that you first get in touch with Mr. Tower as he already may have sent the thing to the printer.

Thanking you for all favors, I am

Sincerely yours,

Leighton Housh
