Dr. Forrest C. Allen
Director of Physical Education
University of Kansas
Lawrence, Kansas

Dear Doctor:

I did not receive a letter from you in regard to the individual pictures I sent, although, I did get the pictures back. Doubtless, this letter was passed on to Mr. Lashbrook, our publicity man, while I was on vacation and did not write you that we have no composite picture of the squad. I generally leave that matter entirely up to the requests of the class-book committee and had no group request.

I trust you are having a swell summer, and I am sorry this matter was overlooked from this end.

Very sincerely yours,

Frank P. Root
Head Basketball Coach
