Mr. Artie Eilers,
Washington University,
St. Louis, Missouri.

Dear Artie:

I am sending you a couple of our newsletters regarding our basketball clinic. I was not sure of you at the time so we did not add your name to the set up, but we would be more than delighted to have you with us and tell about your proposal for officiating. I think this would be especially interesting to the coaches.

We play Warrensburg here so of course we thought it would be better to have the clinic in Lawrence. It is for the Kansas and Missouri schools that desire to avail themselves of the opportunity. We would certainly be glad to have all the coaches here from the Missouri Valley Conference who can attend.

I believe we are going to have an interesting session. After looking the thing over I would be glad to have you advise me of any suggestions for betterment. Thank you for writing your coaches. We will count on your contributing to the afternoon's instruction. I will write you definitely as to the time a little later on.

With all good wishes, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dear "Phog":-

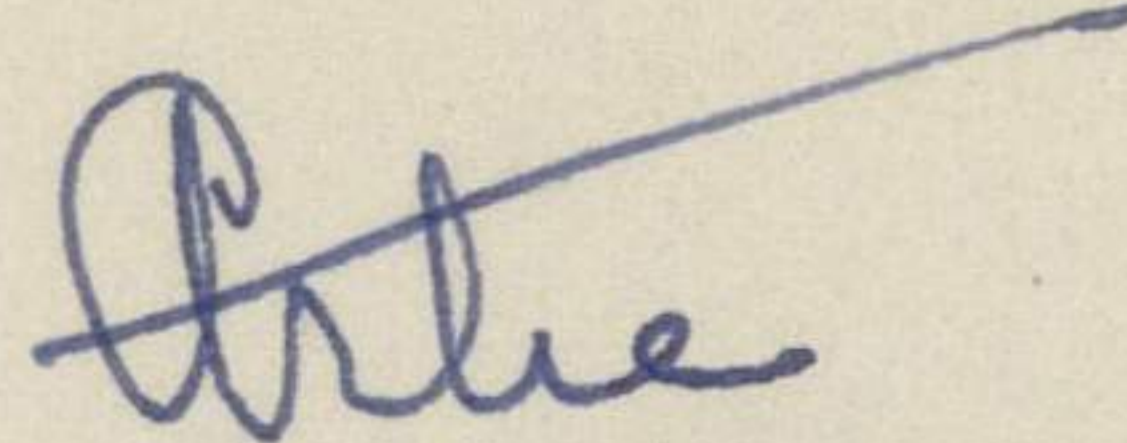

Thanks for your letter of November 14. I have already advised our basketball coaches with the time of meeting with the Big Six coaches. We, undoubtedly, will meet on Friday night before also.

In connection with the clinic on Saturday afternoon, would it be possible to have that in Kansas City? How about Rockhurst College--do they have a gym that would be available--or one of the local high schools?

As soon as you have perfected the plans, I wish you would let me know as I again would like to write our basketball coaches.

I shall be more than pleased to take part in your program on Saturday afternoon. At least, I don't know of any conflicts which would not permit me to do that, since our directors and faculty representatives should be finished with all of their business.

With kind personal regards

Dear "Phog":-

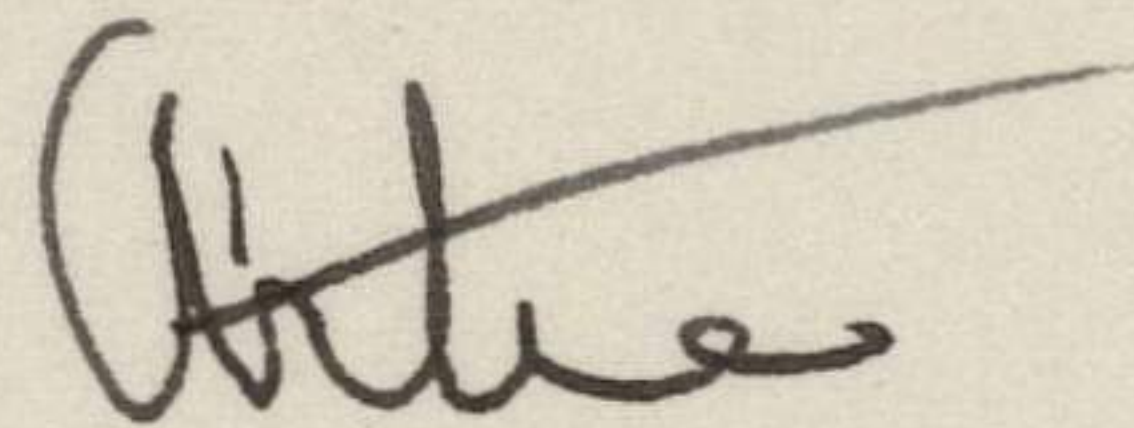

On November 7, I sent you a letter with reference to the basketball interpretation meeting in Kansas City on December 3. In the event that you did not receive it, I will again ask you the following questions.

At what time are you planning on calling the meeting? Our Conference hopes it will be December 3, which will leave us December 2 open for the athletic directors to meet. This is quite necessary, since three of our basketball coaches happen to be the athletic directors.

Hank Iba wrote some time ago, stating that you were planning on having a breakfast get-together for the Big Six and Missouri Valley coaches. What is the specific time of this breakfast? Send me any other information I will need in notifying our basketball coaches.

What did you think of the proposal for officiating? I sent a copy of the plan to each of the faculty representatives, athletic directors, and basketball coaches in your conference.

With kind personal regards

Dear Coach Parry:

Thank you for your kind note of the 14th instant.

Yes, indeed, you and your squad are invited to the clinic which we will hold here on December 3, and we will be very happy to have you as our guests.

The clinic will be held at 2:30 in the afternoon in Hoch Auditorium, and will probably last until 5:30. Then at 7:30 that evening the Central Missouri State Teachers College will play the University of Kansas, and of course we want you to be our guests at the game. I assure you we will be very glad to have you.

Dear Dr. Allen:

In a recent issue of the paper I saw where you were planning a basketball clinic Dec. 3rd and ~~and~~ the schools of the Missouri Valley region were to be the guests of the University. While I am a little out of that region, I wondered if we could be included in the clinic and game? I have a squad of 20 boys who are very much interested in the game and since I am a K. U. grad, naturally I sing the praises of Dr. Allen and his teams. For those reasons any favor will be greatly appreciated.

Dear Coach Servais:

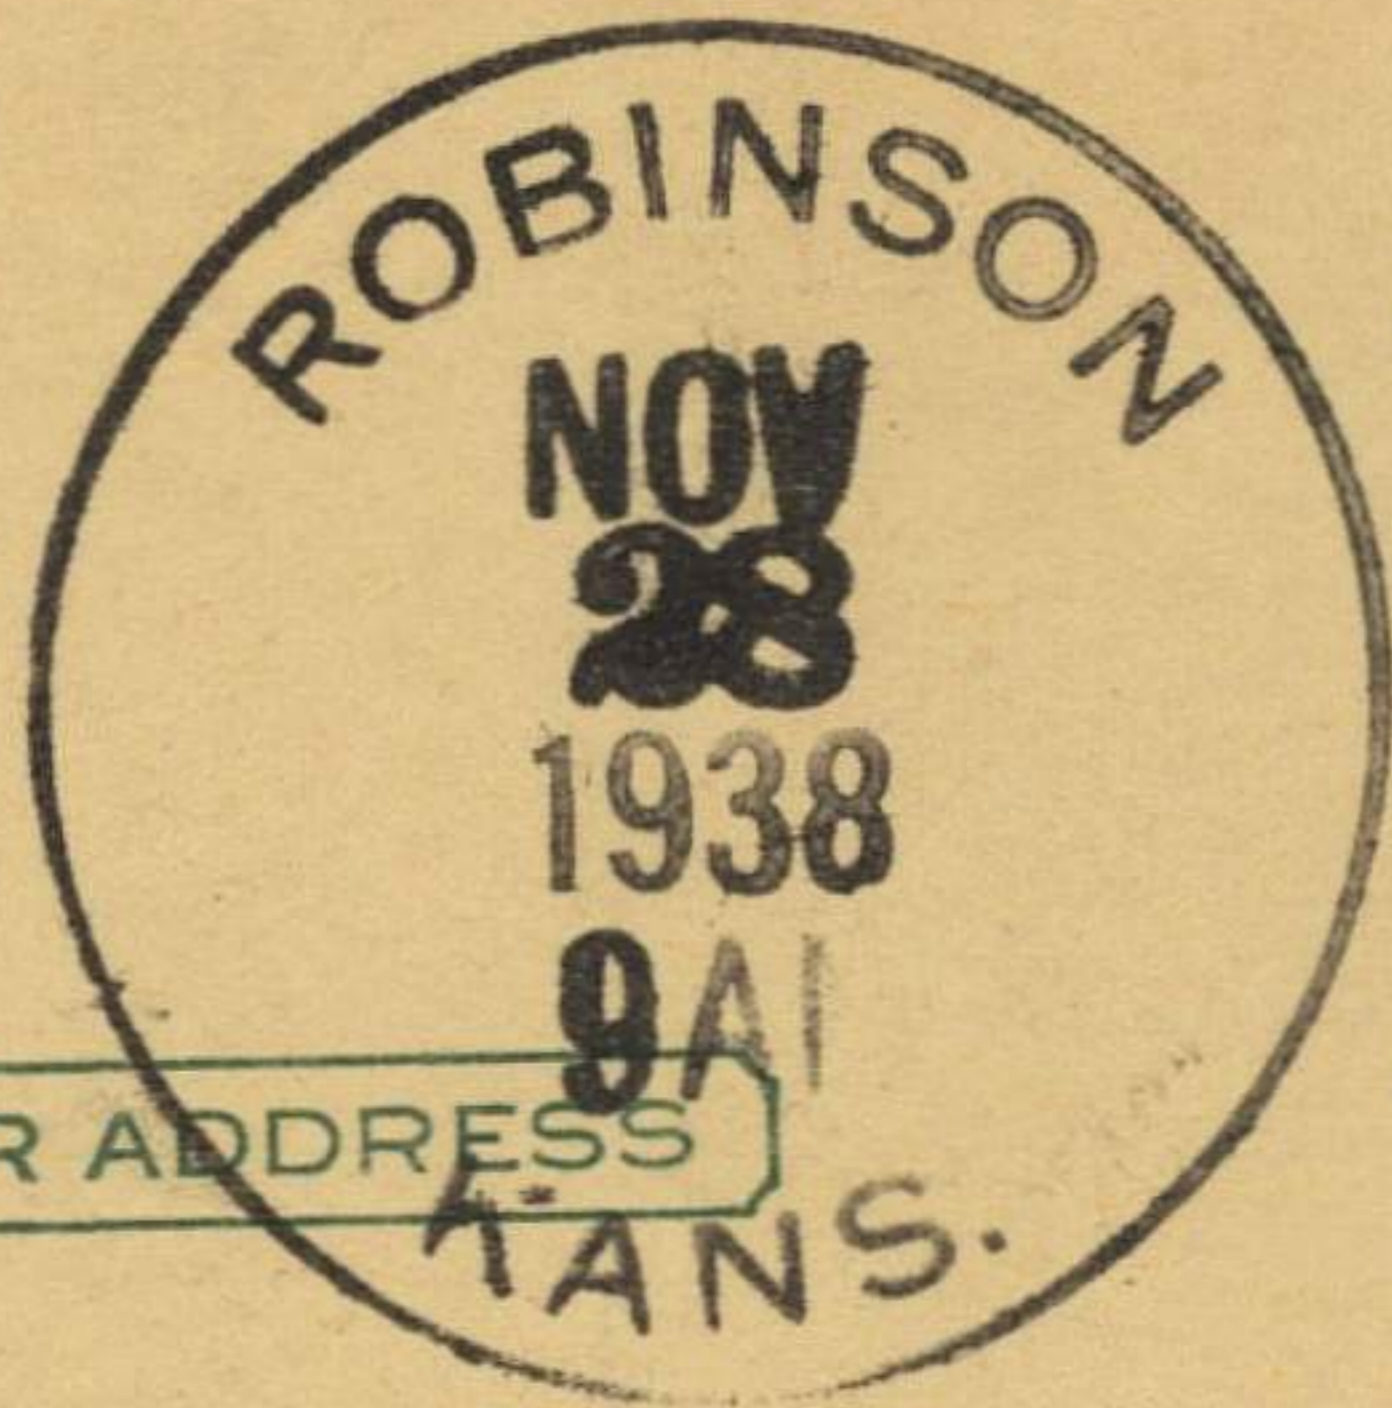

We are very glad that you and your group are planning to attend our basketball clinic on Saturday. We are expecting a great crowd, and feel that we have a very worthwhile program planned for the coaches and players assembled.

You and your colleagues and your basketball squad are invited to attend the game following the clinic as guests of the K. U. Athletic Association. No reservations are necessary for either the clinic or the game. If you will call at the Athletic Office some time Saturday and identify yourself as one of the high school coaches attending the clinic, you will be able to secure as many tickets of admission to the game as you need for your group. There is no charge for this.

Looking forward to greeting you on Saturday, I

Dear Mr. Hopkins:

We shall be delighted to have you and your boys attend our clinic game on Saturday night. As you probably know, we are conducting a basketball clinic here on Saturday afternoon for the high school coaches and players of this region. The game with Warrensburg is to follow in the evening at 7:30.

You do not say whether your boys are in the grade school or in high school. If you bring your boys to the clinic and they are a high school group, it will not be necessary for them to buy tickets to the game. All you will need to do is call at the Athletic Office some time during the day and identify yourself as one of the coaches attending the clinic and specify the number of tickets you desire for your boys. If, however, you are bringing a group of grade school boys the charge for admission to the game is 10¢ each. To high school boys who do not attend the clinic the charge is 25¢ each.

It will be a pleasure to see you.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dr. F.C. Allen,
K.U.

Dear Dr. Allen -

Just now received your answer to my inquiry regarding bringing our boys to your game. We certainly appreciate your giving us this rate.

Our demonstration consists in dribbling races, Passing, drills, etc. We usually end up by letting two squads oppose each other in a three or four minute game, as the spectators seem to expect it. We appeared before the Washburn crowd a time or two last year, twice before Topeka High, and several times before suburban high schools. Since you are having the clinic Saturday this might be a good between halves show. I dont feel like asking you to call off anything you have planned, but I am sure the boys will enjoy doing it and we have always found that the crowd enjoys it.

We will be down to one or the other of your games, very likely the Saturday evening game, since I have not made arrangements for transportation while waiting for your answer. If however I can get plenty of cars we will be down tomorrow night. In case you need to know before hand about our coming call me at 22990, Topeka and I will pay the cost of the call. (Home phone after 5:30, 7176)

Thank you very much for your courtesy.

Respectfully,

John W. Gates.

Dear Mr. Gates:

This will acknowledge receipt of your good letter of the 17th instant. I am sending you a K. U. Newsletter announcing the clinic exhibition on Saturday, December 3, at 2:30 p.m., and the game that night with the Warrensburg Teachers at 7:30.

Mr. Gwinn Henry, our Athletic Director, is out of town at the present time, but I am very sure that Mr. Henry would be very reasonable in any charge that might be made for those boys. I feel safe in saying that if you want to come down Tuesday night, the 29th, or Saturday, December 3, I am sure that he will make a price as low as ten cents a piece for the boys. There is no charge for the clinic demonstration in the afternoon.

If you decide to come please let me know at once and I will take the matter up with Mr. Henry on his return. I feel safe in saying, however, that Mr. Henry will make a price of ten cents per boy.

We have always arranged our special feature for between halves ahead of time, and have already made some plans for the games on the 29th and the 3rd. If you would tell me what you had in mind regarding a special feature demonstration it might be that we could arrange to call ours off. I shall be glad to hear from you.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dr. F.C. Allen,
Lawrence.

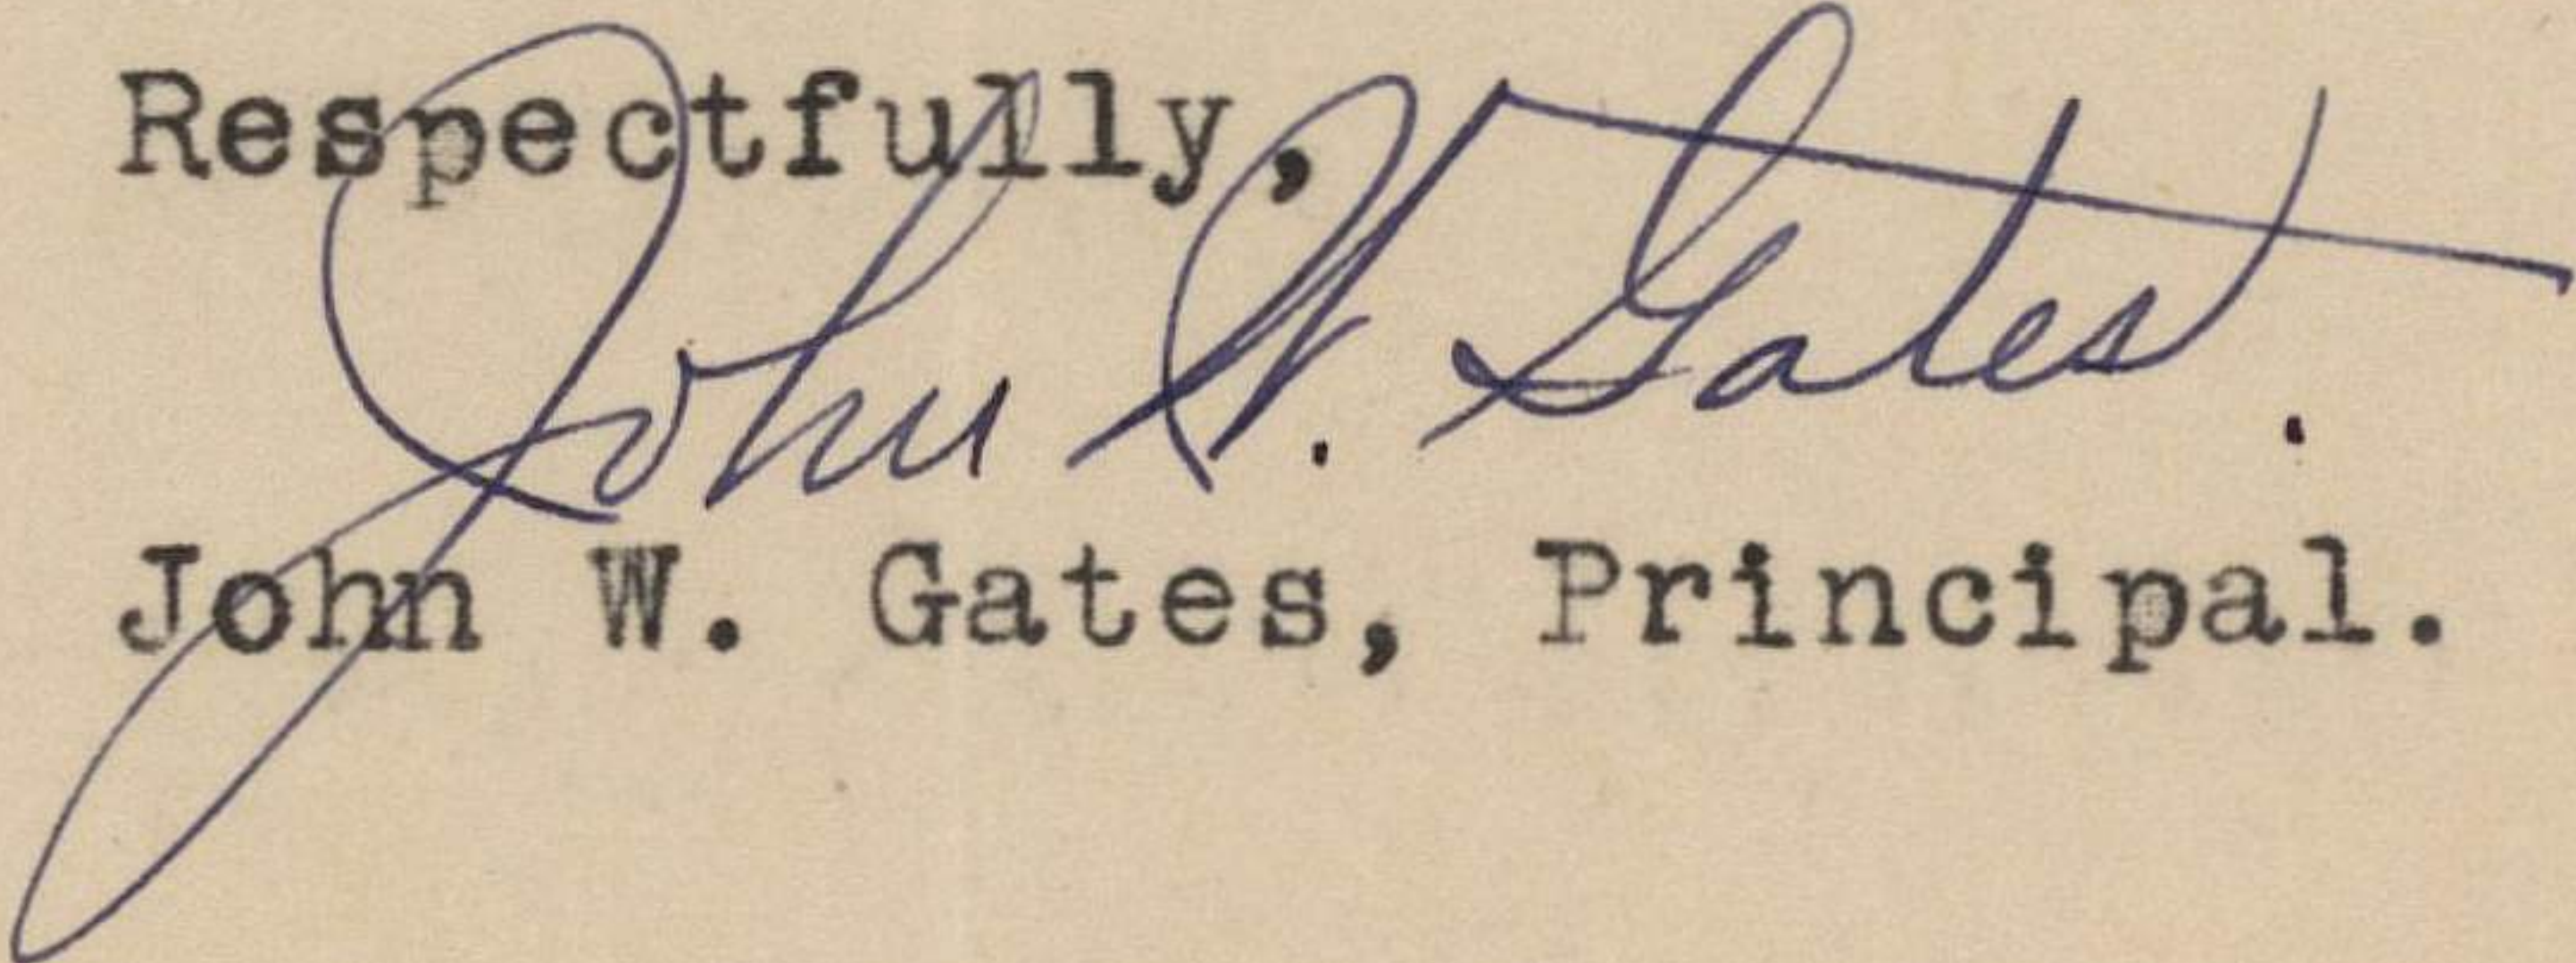

Dear Dr. Allen -

With the financial support of the Topeka Optimist Club in the matter of suits, equipment, etc., I am sponsoring for the fifth and sixth grade boys of the school here a basketball league. Since we rather look upon K.U. as the basketball capital of this section of the country I am anxious to have them see your team in action as an inspiration for our work here. Last year I took my car full of boys on several occasions and they enjoyed the trips immensely.

This year I want to bring the entire club of some 50 boys to one of your games, providing transportation can be taken care of. Since your freshman - varsity contest will probably leave you more seats than a regular game, I am taking the rather bold step of asking you for a special price for this group of boys for this game which I understand will be the 29th of Nov.

If you care for a special feature between halves of this game and do not have one arranged, I will be very happy to have some of the boys put on a demonstration which I believe your audience will enjoy. I think you will find it somewhat more entertaining than the average basketball work for boys of this age.

Respectfully,

John W. Gates, Principal.
