Dr. F. C. Allen
Lawrence, Kansas

Dear Dr. Allen:

In a recent issue of the paper I saw where you were planning a basketball clinic Dec. 3rd and ~~and~~ the schools of the Missouri Valley region were to be the guests of the University. While I am a little out of that region, I wondered if we could be included in the clinic and game? I have a squad of 20 boys who are very much interested in the game and since I am a K. U. grad, naturally I sing the praises of Dr. Allen and his teams. For those reasons any favor will be greatly appreciated.

Sincerely,

William E. Hodges
