Mr. Gwinn Henry,
Director of Athletics,
University of Kansas.

Dear Gwinn:

I have your note of the 29th instant, and am loath to leave you out of our clinic program for Saturday afternoon.

I, too, expect to be in Kansas City on December 2 and 3, but I am sure the meetings will end at noon, thus allowing us plenty of time to return to Lawrence for the clinic at 2:30. Inasmuch as you had told me you would extend a greeting to our group of coaches and high school boys, I am putting you on our program for 3:10, and I hope that you can make it.

We are expecting a crowd of a thousand or more, and I believe we have planned a worthwhile program for the group.

Sincerely yours,

Dear Doc:

I appreciate very much your kind invitation to speak at your basket ball clinic on Saturday afternoon, December 3rd, but find I will be unable to accept as I shall be in Kansas City December 2nd and 3rd, attending the meeting of the "Big Six" Directors.

I regret this conflict of dates as I would have enjoyed being present at your meeting.

Chancellor E. H. Lindley,
University of Kansas.

Dear Chancellor Lindley:

On Saturday afternoon, December 3, we are holding our first annual basketball clinic in Hoch Auditorium at 2:30 o'clock.

Coach Tom Scott, of Central Missouri State Teachers College, Warrensburg, Missouri, will use his team for about half an hour of demonstration, and I will use the Kansas team for a similar period. We are planning to have movie talkie pictures on basketball shown. Dr. Naiszith will speak, as will Mr. Gwinn Henry.

This clinic is being held for the benefit of all the high school basketball coaches and players in this region, and we are expecting to have a large crowd.

We would be very happy and proud to have you extend a few words of greeting to our group sometime during the afternoon. If you are available on this date I shall be glad to advise you later of the exact time that we would desire to have you speak.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dear Gwinn:

Confirming my conversation with you this morning, I want to assure you that we will be very happy to have you speak briefly to the coaches and players assembled for our basketball clinic on Saturday afternoon, December 3, in Hoch Auditorium. The meeting begins at 2:30 o'clock.

Coach Tom Scott, of Warrensburg, will use his team for demonstrations for about 30 minutes, and I plan to use the Kansas team for a similar length of time. We also plan to show the movie talkies on basketball.

We have invited Chancellor Lindley to extend a greeting to the group, and we also expect to have Dr. Naismith there to speak. I believe we are going to have a fine crowd and a good program. I trust that you will find it possible to be present and to speak to our group.

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dear Henry:

Thank you for your kind note of the 20th instant.

I am sending you some information about our clinic which is to be held here at Lawrence the afternoon of December 3rd. We will be most happy to have you and your squad as our guests.

We are having our rules discussion in Kansas City at 10 o'clock Saturday morning, December 3, and should be glad to have you attend that meeting. We expect to finish by luncheon time, and then come to Lawrence for the clinic at 2:30.

Congratulations on the success of your football team! You have a splendid record, and here's wishing you the best of luck on Thanksgiving Day.

Dear Dr. Allen:

Since our conversation in Topeka a few days ago, I have been thinking about your pre-season basketball clinic. Will you kindly send me the date, time and any other information which might be valuable. I want to hold a meeting of the officers of our State Coaches' Association in the morning and lay some plans for the year's work.

Our football team is still undefeated, having won its ninth consecutive game and incidentally, the fourth league championship by defeating Beloit 33-0 Friday night. We wind up our season Thanksgiving by playing Chapman, champions of the Central Kansas league. I am hoping that we can go through without a loss this year.

Dear Hank:

I have received a letter from Artie Eilers and have written him the details, stating that we had hoped to have breakfast about 8 or 8:30 Saturday morning, and that we hope to have the rules discussion at 10 o'clock. I am asking him if he will notify his athletic directors and basketball coaches, and I am very sure that we will have a very pleasant meeting.

I am glad that everything is coming along nicely with you.

My kindest regards to Elwyn Dees. I am sure the old fellow is having quite a tough time keeping up the morale of the football team when they have lost as many games as they have, but if anybody can do it, he can.

Our kindest regards and best wishes to you.

Dear Doctor Allen:

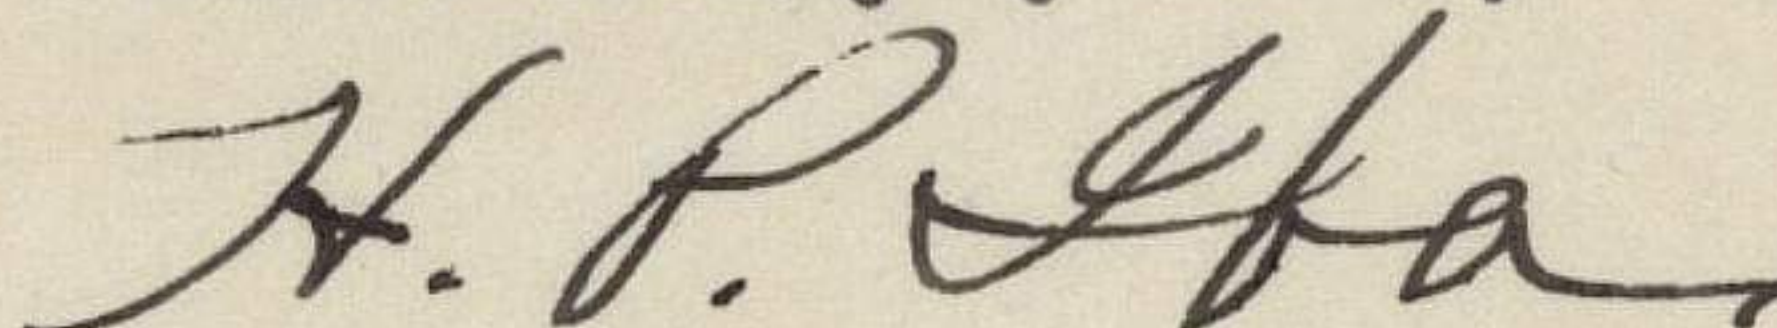

The Missouri Valley has its meeting in Kansas City December 2nd and 3rd. I am sure that the basketball coaches will be more than glad to meet with your group and discuss rules as you suggest on Saturday morning. I feel that we get a lot of good out of the meeting of the two conferences. I presume that you have written to Artie Eilers. If not, I am going to pass the word on to him about the basketball meeting.

As I informed you before, Earl Jones and E. C. Quigley have accepted the dates of December 9th and 10th here. I am sorry to hear of Mr. Quigley's illness, and I understand it might be serious. I certainly hope this is not true.

Our new building is coming along fine, and I am sure it will be ready for our game December 9th. Probably all the building will not be complete, but it will not affect our game in any way.

Thanking you again for your letter, I am,

Dear Phog:

I was happy to receive your letter of November 3rd, concerning the Clinic basketball game to be played December 3rd. I am also glad to know that you had Mr. Quigley and Mr. Carmody as officials. They are both very good.

In regard to a program for the afternoon demonstration, I would like to suggest the following: First, Ball-tipping practice, Second, a drill for enlarging periphereal vision. Third, Defensive practice in switching men when screened out of the play. Fourth, drills for deception in under basket shooting. Fifth, dribbling, stopping, and pivoting drill.

These demonstrations should take about thirty minutes. I have been wondering if these demonstrations are what you had in mind. If they are not and you have any other suggestions, would you please write me at your earliest convenience? Otherwise we shall plan to demonstrate the above.

Best wishes.

Dear Coach Scott:

Thank you so much for your good letter of the 9th instant, enclosing your schedule for the basketball clinic on Saturday afternoon, December 3.

I like your set up very much, and I am sure that our high school groups will be immensely pleased with your outlay. We will also plan about 30 minutes of demonstration and that, together with the pictures that we are assembling, and any question-answer method should make a very pleasant and profitable afternoon.

If there is anything that we can do for you previous to the game regarding accommodations and so forth, please command us.

St. Louis, Missouri.

Dear Artie:

I have been wanting to write you a letter for several days to comment on the very fine set up that you have in your proposed plan for better officiating in football and basketball.

Artie, I wrote Hank and suggested that the Missouri Valley and Big Six coaches get together at breakfast time on Saturday, December 3. We are planning to have a basketball clinic here at the University of Kansas on Saturday afternoon at 2:30, and I thought we would have our rules meeting at say ten o'clock in the morning in Kansas City. We ought to have breakfast at 8 or 8:30, at the latest. At our breakfast meeting the Missouri Valley and Big Six coaches would agree on any details that are necessary concerning the possible changes in the rules for these two organizations.

Our Big Six coaches are going to meet Friday night to iron out all of their difficulties, so during the breakfast hour we can run over the matters above mentioned. We should close by 12 o'clock Saturday noon, and then our clinic at Lawrence will start at 2:30 in the afternoon.

We have contacted all the high school coaches and players and have invited them to be our guests at the University for this clinic meeting. Coach Tom Scott, of the Warrensburg Teachers, will take half an hour and discuss the clinical activities that he desires to demonstrate. Then I will use the Kansas team for half an hour of demonstration. Then we will have the movie talkie and silent teaching film showing the fundamentals for the edification of the coaches and the players. We will have Mr. Quigley speak on officiating, and so forth. The whole plan is not worked out yet, but we are moving forward with it.

I would say that your plan would work perfectly into ours if we could have Saturday morning free for our coaches. If you will kindly take this up with your basketball coaches and athletic directors, I would appreciate it very much.

In closing, I want to say that I think you have done a swell job, Artie, and your work is a masterpiece. Twice I have run over this very efficient set up on officiating, scouting, grading, ranking, classifying officials, and so forth. Again I say I think you have done a swell job.

I hope that you will be able to attend our clinic, and if possible I would like for you to devote 15 or 20 minutes to describing this job that you have in mind. I think it would be helpful to the coaches of the high schools to know what is being done in your conference, and what you have done. The moment that these coaches see that the University coaches are willing to accept the word of one man in picking officials, especially when this very considerable background of information augments his work. Then we raise the standard of coaching and officiating. And there will be an acceptance on the part of the individual of the man or men who are designated to authoritatively handle the reins of such a difficult problem.

With all good wishes, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dear "Phog":-

Have a letter from Hank Iba this morning in which he states that you are planning on having another get-together between the Big Six and Missouri Valley basketball coaches and that you will plan a breakfast get-together on Saturday, December 3. Wonder if you would be kind enough to write me the full detail of the sequence of your basketball meeting, which, I presume, will be in Kansas City, in order that I may further plans for our Athletic Directors meeting. You, undoubtedly, know that three of our basketball coaches happen to be the athletic directors.

Tentatively, I should like to set the time of our Athletic Directors meeting on Friday morning, December 2 at 9:00 A. M. This probably will run through the entire day. We plan on having a conference dinner that night at six o'clock for our faculty and athletic directors, and those basketball coaches who happen to be there. This should leave Saturday open all day for our basketball coaches. Does this plan fit in with yours?

What did you think of the proposal for officiating? I sent a copy of the plan to each of the athletic directors, faculty representatives, and basketball coaches in your conference.

With kind personal regards

Dear Phog:

Replying to your letter of November 3, you may rest assured I will make every effort possible to have both reels of the picture BASKETBALL available for you Saturday afternoon, December 3. I do not personally own a copy but I will get in touch with Bob Russell at Lincoln who has one or can secure one, and there will be no cost to you, unless I am very much mistaken. However, I will verify this just as soon as I can get a reply from his office.

As far as I know, no plans are being made for making an additional picture of this same type as the former one was so well received that its usefulness should exist for some time.

You will hear from me again very soon.

Dear Tom:

We are rather making up our tentative program for the clinic in the afternoon of December 3rd. I am glad to know that you are willing to use your group for individual and squad fundamentals. I am wondering just how long you will want to demonstrate.

I assure you that we will not take advantage of you in any way. By that I mean that if your team demonstrates 30 minutes, our team will demonstrate 45 minutes. I say this because I know how human people are, especially when they might work the visiting group longer than the home team. We want you to put on exactly what you want to put on, and if you will give me a tentative set up of what you want to give and the time consumed, then we will fill our work in to dovetail and conform to the general scheme.

We are inviting all the high school coaches and high school players within a radius of 150 miles of Kansas City, so if your high school boys in your section desire to come they will be guests of the University.

We do not know that we are going to take in any money, but we are not worrying about that. That is not the purpose of the clinic. We are just trying to stimulate basketball interest.

By the way, we have procured E. C. Quigley to referee the game and we are hoping that he will talk on officiating in the afternoon. We would like to use as the other official John F. Carmody, director of athletics and football and basketball coach at Haskell Institute. He is a Midland College man, and does a good job. He is snappy and personable, and is a fine official. However, you know when Quigley works a game Quigley dominates the officiating and we are sure of a well-administered game.

Won't you write me at your earliest convenience and give me your set up for the clinic? With all good wishes, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

FCA:AH

Mr. E. C. Quigley,

Dear Ernie:

I just noticed by the paper that tough luck has put an additional burden upon you by your enforced retreat of two weeks with bronchial pneumonia. However, I am glad to know that you are able to be up and at 'em again. Gee, old man trouble really took you for a ride this fall, did he not?

Mrs. Allen wishes to express her sympathy, but at the breakfast table she said abso, "Tell him that I wish to congratulate him on his getting well". So you see that I have done my duty by expressing Mrs. Allen's best wishes to you and Mrs. Quigley.

Now, for a re-confirmation of dates. As I understand it, we have you on December 3, and by the way, you did not answer my letter of October 14 regarding your attendance at the clinic. We would like you to make a short and peppy address on "Running the Ball Game". Not only do we know that you can run the ball game well, but you can also put the necessary fire and tobasco sauce in a talk of this kind.

Tom Scott will use his Warrensburg team to demonstrate fundamentals, and I will use the Kansas team. This is in the afternoon from 2:30 until 5:30. We will have a movie talkie and a silent film on fundamentals for the group, also. We have invited all the coaches of the high schools and the colleges in this sector as our guests. We won't have much money that evening, but I do think we will have a real crowd.

Here's hoping you are well and happy, and that we will hear from you soon.

With all good wishes, I am

Sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Mr. Frank Bangs,

Dear Frank:

We are to have a basketball clinic here on Saturday afternoon, December 3rd. The same night at 7:30 we play the Central Missouri State Teachers College of Warrensburg, the team that won the National Collegiate Tournament in Convention Hall last year. We have invited all the coaches of the high schools of this section as our guests for the game.

Coach Scott of Warrensburg and I will use our players in the afternoon to demonstrate fundamental plays and so forth, for our visitors. We will also ask E. C. Quigley to lecture on officiating and we will have something for E. A. Thomas, the executive secretary of the Kansas State High School Activities Association.

On Saturday morning the Fifth District of the National Collegiate A. A. meets in Kansas City to discuss basketball interpretations of this district. Of course, we will have the Big Six and Missouri Valley coaches, as well as coaches of small colleges and high schools at the meeting Saturday morning, and we expect to invite them to be our guests at our clinic here in the afternoon and the game in the evening.

I would very much like to use the basketball movie talkie, and of course we would like to have you come down and show it, but if you cannot come down if you would arrange to send it to the Extension Division we would have Montgomery use his projector and do the work. I am just wondering if your company would be beneficent enough to let us use that film without charge. Of course, we were happy to leave our vacation spot at Culver, Indiana, and come down to shoot the picture without remuneration, aside expenses, and I am very sure that you will be kind enough to help us out on our project. I am writing early so that there would be no chance of missing out on our contemplated desire to use the film.

If you do not have one on hand, doubtless you could write and get one for us for that day. I will appreciate an early reply to my request.

Frank, are you showing the film much now, or has it largely outworn its usefulness? Have you heard of any other film coming out? If so, we would like to be appraised of it as we would like to use something that is even newer than this one, but of course this would be an addition to the one we are asking for as we desire to show that film very much.

With all good wishes, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.

Dear Henry:

The Big Six coaches are planning to meet in Kansas City on Friday evening, December 2nd, to go over the interpretation of this year's rules. We had hoped to have a breakfast meeting with the Missouri Valley coaches Saturday morning, and then we had planned to have our open rules discussion meeting Saturday morning at 10 o'clock.

I am writing you to ask if your group is expecting to meet in Kansas City on December 2 and 3. If so, we would be very happy to have a get-together with your group. I think it is a fine thing for us to meet together and to discuss our common interests.

We are playing the Central Missouri State Teachers College, of Warrensburg, here on Saturday, December 3, at 7:30, but we will have a clinic at 2:30 that afternoon. At the clinic the Kansas team and the Warrensburg team will demonstrate their fundamentals to the high school coaches who care to come in to watch the game.

I will thank you if you will write me telling me when the Missouri Valley group will be in Kansas City for their meeting.

By the way, I have just received a letter from Earl Jones, of Oklahoma City, saying that he would be present for our Oklahoma A. and M. College - Kansas game in Lawrence on February 8. As soon as I hear from our other official I will inform you at once.

Dear Friend Thomas:

On December 3rd at 7:30 p.m. the Kansas team will play the Central Missouri State Teachers College of Warrensburg, Missouri, in Hoch Auditorium at Lawrence, Kansas. In the afternoon we are expecting to have a basketball clinic in which the two teams - the Warrensburg team and the Kansas team - will demonstrate their fundamentals both in individual offense and defense and the team offense and defense.

All the details have not been worked out, but I would be very happy to invite you and your association high school members, the coaches and their squads, to come to this game as guests of the University. I am wondering if you would be kind enough to extend the invitation through your periodical, The Kansas Athlete.

I am also wondering about the movie-talkie, Chuck Taylor's film. Do you have that, or did you make arrangements with Bangs at Salina for the showing of this picture? I thought that we would show the silent Eastman film, together with the Chuck Taylor film.

I might state that the coaches of the Big Six are going to meet Friday night, December 2nd, in Kansas City for any interpretation of the rules so far as their conference is concerned. Then we will meet Saturday morning at breakfast with the Missouri Valley coaches, and then at ten o'clock we will have our open interpretation meeting. This will leave us free to start our basketball clinic at 2:30 here at Lawrence on Saturday afternoon. We hope to have discussion by the leading officials and we would be glad to have you present to offer the coaches the benefit of your criticism. If there is anything that you feel we should stress for the benefit of the high school people we will appreciate your suggestion.

Dear Doc:

I received your letter in regard to the basketball rules meeting at Kansas City and the clinic and game at Lawrence on December 3.

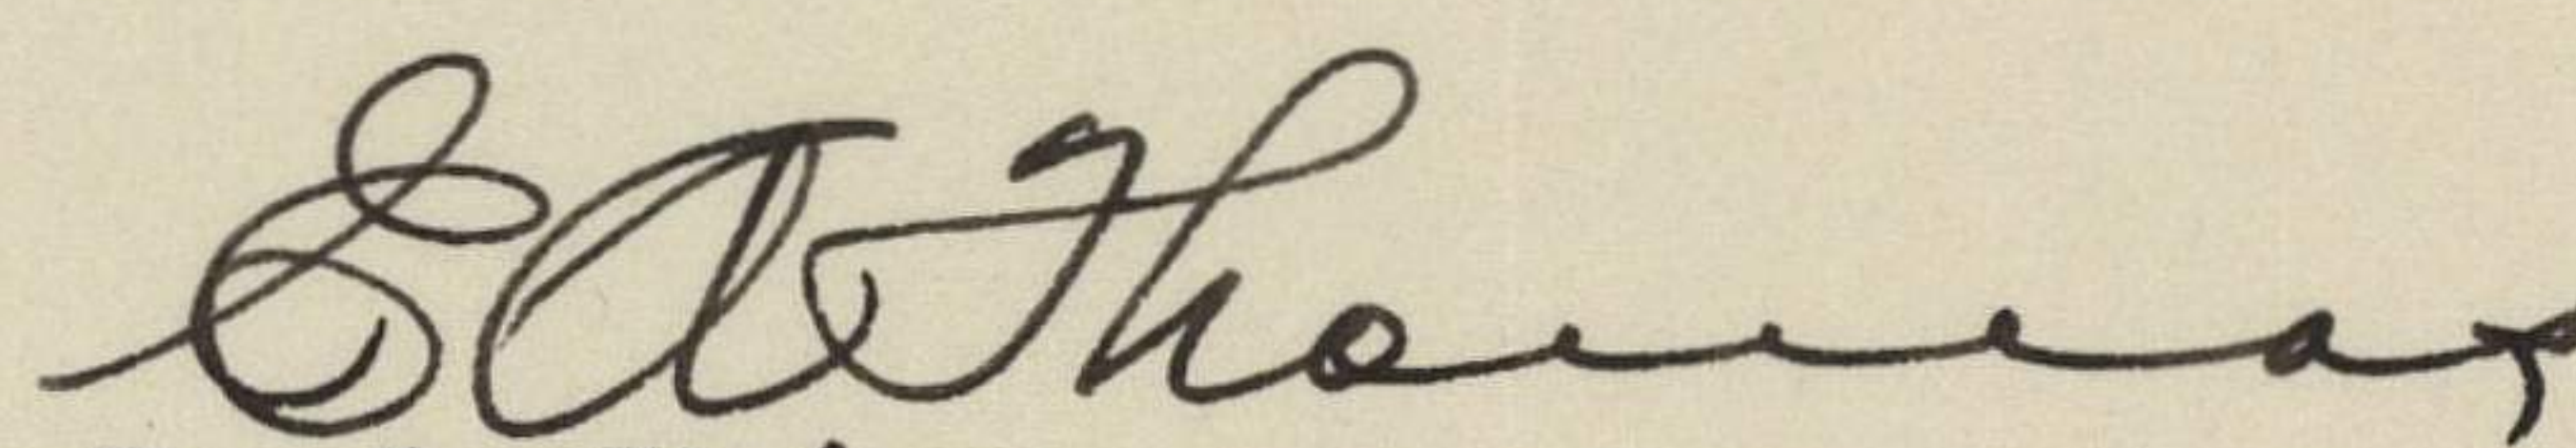

We shall be very happy to cooperate with you in any way possible and to notify the high schools of this program you are planning. I am afraid we shall not be able to get a notice in our Journal, however, because we have already gone to press with the November issue and it is doubtful if the December issue will be out before game is played. I'll get in touch with the printers today, however, and if any space is left at all we'll try to slip in a notice.

I am sorry, but I do not have the Chuck Taylor movie-talkie film. The expense for that was so great that it was not considered advisable that we should buy it. We do not have anything of particular value in the way of basketball films. We have a number of old ones that were made by Porter and we plan to take some time and cut them so that we can use some of the parts on fundamentals that apply to the present day rules.

I shall be glad to try to arrange my program so that I can be there for your clinic and if anything comes up that we feel should be emphasized for the benefit of the high school coaches I'll let you know.
