STILLWATER, OKLAHOMA

November 4, 1938.

Dr. Forrest C. Allen,
Varsity Basketball Coach,
University of Kansas,
Lawrence, Kansas.

Dear Doctor Allen:

The Missouri Valley has its meeting in Kansas City December 2nd and 3rd. I am sure that the basketball coaches will be more than glad to meet with your group and discuss rules as you suggest on Saturday morning. I feel that we get a lot of good out of the meeting of the two conferences. I presume that you have written to Artie Eilers. If not, I am going to pass the word on to him about the basketball meeting.

As I informed you before, Earl Jones and E. C. Quigley have accepted the dates of December 9th and 10th here. I am sorry to hear of Mr. Quigley's illness, and I understand it might be serious. I certainly hope this is not true.

Our new building is coming along fine, and I am sure it will be ready for our game December 9th. Probably all the building will not be complete, but it will not affect our game in any way.

Thanking you again for your letter, I am,

Sincerely yours,

H. P. Iba,
Athletic Director.
