

November 3, 1938.

Mr. Frank Bangs,
Salina, Kansas.

Dear Frank:

We are to have a basketball clinic here on Saturday afternoon, December 3rd. The same night at 7:30 we play the Central Missouri State Teachers College of Warrensburg, the team that won the National Collegiate Tournament in Convention Hall last year. We have invited all the coaches of the high schools of this section as our guests for the game.

Coach Scott of Warrensburg and I will use our players in the afternoon to demonstrate fundamental plays and so forth, for our visitors. We will also ask E. C. Quigley to lecture on officiating and we will have something for E. A. Thomas, the executive secretary of the Kansas State High School Activities Association.

On Saturday morning the Fifth District of the National Collegiate A. A. meets in Kansas City to discuss basketball interpretations of this district. Of course, we will have the Big Six and Missouri Valley coaches, as well as coaches of small colleges and high schools at the meeting Saturday morning, and we expect to invite them to be our guests at our clinic here in the afternoon and the game in the evening.

I would very much like to use the basketball movie talkie, and of course we would like to have you come down and show it, but if you cannot come down if you would arrange to send it to the Extension Division we would have Montgomery use his projector and do the work. I am just wondering if your company would be beneficent enough to let us use that film without charge. Of course, we were happy to leave our vacation spot at Culver, Indiana, and come down to shoot the picture without remuneration, aside expenses, and I am very sure that you will be kind enough to help us out on our project. I am writing early so that there would be no chance of missing out on our contemplated desire to use the film.

If you do not have one on hand, doubtless you could write and get one for us for that day. I will appreciate an early reply to my request.
