

Curtis Junior High School

C. F. HADLEY, Principal

Topeka, Kansas

High School coaching school in 1933 and
have only spoken to you occasionally since,
but again I should like to say that I admire
you and am "for" you and that this
letter requires no reply unless it be to
let me know of any way in which I
might be of service to you, either now
or at any time in the future.
I have two lads, one in Jr. H. and another
in Topeka High and my hope is that some
day they may come under your influence.

Sincerely yours

D. V. Herron
