

B. B. Clunie

January 9, 1939.

Mr. Henry Shenk,
Junction City, Kansas.

Dear Henry:

I was very happy to have your good letter of the 5th instant, and you can rest assured it will please us very much to work with your Kansas State High School Coaches Association in promoting the basketball clinic under the joint sponsorship of your association and the University of Kansas Athletic Association.

We will put on a real clinic next year. I was just wondering if it wouldn't be a good idea to have a Friday meeting with a dinner in the evening and discussion following that, then the next morning and afternoon do a real job of the thing that we started this year. What would you think would be the most appropriate and convenient date for the coaches? We will be glad to work with you one hundred per cent.

I will be very happy to have any suggestions regarding the joint activities and sponsorship. Of course, we would want your officers very much represented in the discussions, demonstrations, and so forth. We would be glad if you would have any of your coaches bring in any of your high school boys for these demonstration purposes. In fact, I think it would be a great thing. Then we can have our guest coach and his team demonstrate, and also the host coach and his team demonstrate.

By having these high school boys and their coaches demonstrate we might use the state championship winner and runner-up - what do you think about that?

It is a great pleasure to work with a man like you, who knows the value of administration, organization and cooperation.

With all good wishes to you and Mrs. Shenk, I am

Very sincerely yours,

Director of Physical Education,
Varsity Basketball Coach.
